LABOR DISPUTE CLOSES LOCAL BAKERY PLANT

The Canadian Bakeries Limited plant in Penticton ceased operations at midnight last night and the 18 employees of the company—members of the Bakery and Confectionery Workers' Union of America (AF of L)—will be out of work until the union's dispute with McGavin Bakeries Limited in Kelowna is settled.

The Penticton bakery workers are members of the Kelowna local of the union and when the union employees at McGavin's in the Orchard City went out on strike at midnight last night, the management of the Penticton plant decided to close down until the issue is settled.

Union employees at the Kelowna bakery voted in favor of strike action when the union board awarded rejected the union demands for a 35 hour week and an across the board wage increase of approximately \$20 per week.

A conciliation board was appointed when both McGavin Ltd., in Kelowna and Canadian Bakeries in Penticton rejected the union's wage and reduced hours demands.

The conciliation board award stated that the present 42 hour week in effect in Penticton was fair and recommended a wage increase of \$3.00 a week for union employees in the Kelowna plant and a boost of \$5.50 per week for employees in the Penticton bakery.

BEHIND VANCOUVER SCALE
This wage award would bring the wages paid in the Canadian Bakeries here up to those paid in the McGavin plant in Kelowna, but would fall far short of the Vancouver wage scale which the union is demanding.

A strike vote was taken in the Penticton plant on Saturday and the union employees voted 100 per cent in favor of strike action.

A union spokesman stated today, however, that the union reserves the right to go out on strike at a time of its own choosing and regards the management's action in closing the plant as a lockout.

Penticton Soldier Wounded In Korea

The name of a Penticton soldier is contained in the latest Korean casualty list issued this week by the Canadian army authorities.

He is Lance Corporal Gary L. Miller, serving with the Lord Strathcona Horse Regiment of Calgary. He is the son of Mr. and Mrs. H. H. Miller, of Park street, Penticton.

According to a wire received by the soldier's parents Sunday, Lance Corporal Miller is suffering from lacerations to the left forearm and shoulder and from scalp and head wounds.

B.C. PREMIER HERE

B.C.'s premier, the Hon. W. A. C. Bennett, landed in Penticton last Friday en route from Victoria to his Kelowna home.

Government Not Committed

Bridges Under Consideration
When the Hon. P. A. Gagliardi, minister of public works in B.C.'s new government, conferred with members of Penticton's city council here on Friday morning of last week, the matter of improvement to Penticton creek channel between Ellis street and Okanagan lake was discussed. Also in attendance were N. W. McCallum, chief engineer, and J. W. Miers, divisional engineer for the department.

The minister was told of arrangements made in developing the channel and also of the fact that a bridge across the channel located at Front street, and a bridge at Ellis street, were part of this development.

The Hon. Mr. Gagliardi said that he would not commit the government to carry out any commitments of the previous administration, and that any project would be studied and, if it merited the government's consideration, would be proceeded with. Otherwise, he said, it would be abandoned.

WILL BE STUDIED

Mr. McCallum advised the council that plans for the development (Continued on Page 5)

NOTICE ANYTHING DIFFERENT about Penticton's Peach Festival Queen Joan Nagle? That's "Miss PNE" you're reading on her ribbon. She became Miss Pacific National Exhibition at Vancouver last night when she was chosen from amid 14 girls entered in the competition, and the above picture was taken minutes after the announcement of the winner was made from the stage of the PNE outdoor theatre before more than 10,000 people. She cradles her "Oscar" in her arm, and also has a happy grin on a cheque for \$1,000. Joan's a very proud girl, and Penticton's very proud with her, too.

Contracted Disease Outside

Two polio victims are under observation in Penticton area this week, but city doctors do not feel that there is any fear of an epidemic here.

The two patients, one a small child from Keremeos and the other a youth from a Kootenay city, are believed to have contracted the disease outside the Penticton area.

The girl was admitted to hospital last week and is reported to be "quite ill". The youth was taken to hospital Monday. His case is believed to be of a mild non-paralytic nature.

The youth was working in a city orchard, and it is understood that he was taken ill when in Trail, but it was not until Monday that medical attention was sought.

According to one doctor here the peak of incidence is expected to be reached by this week or next.

Last case of polio in Penticton was reported in 1949. In the health unit area, which reaches from Kelowna to the border, three cases were reported last year; two in 1950, seven in 1949 and six in 1948.

Last serious outbreak in health unit area was in 1947 when 18 persons were stricken.

Health officials are advising persons in polio areas to avoid crowds; to refrain from drinking water unless the source is known to be pure; and to avoid eating uncooked fruit and vegetables.

Symptoms of the dread disease include headaches, stiff necks, headaches, stomach disorders, malaise and fever.

Health unit officials advise that children suffering from influenza symptoms should be put to bed and medical advice sought.

Mayor Rathbun Congratulates Queen Joan

Congratulations from the city of Penticton were forwarded to Miss PNE, Queen Joan Nagle, by Mayor W. A. Rathbun this morning.

The Mayor's telegram reads as follows: "On behalf of all Penticton people it is a pleasure to extend to you hearty congratulations and a sincere wish for your continued success."

"The fact that you have been selected Queen of the PNE has brought honor and distinction to the Okanagan Valley. We are all very proud of you."
W. A. Rathbun, Mayor.

CLEARING LAND FOR NEW FOOD STORE ON WADE

Four residential lots at the corner of Wade avenue and Martin street are now being cleared to make way for a new Super-Value store to be operated by two city businessmen, Peter Gregory and Ron Westad.

The new store, which will face onto Wade avenue, will be under construction as soon as possible. It is expected that the new premises will be open for business about the end of October.

Designed to compare with the most modern food market in B.C., the store will be constructed of cement blocks and will measure 64 feet by 100. A parking lot covering an area of 15,000 square feet will provide space for between 70 and 100 cars.

Builders of the new store, the Frank Teece Construction Company of Vancouver, will employ local labor and sub-contractors will be let out to local firms.

Mr. Gregory and Mr. Westad were formerly managers of the meat and grocery departments of the Penticton Superior store. Later they purchased the Westview Market which they sold before opening negotiations for the new store.

PNW ROWING CHAMPIONSHIPS HERE SEPT. 20

Rowing enthusiasts from many parts of B.C. and the north western American states will gather in Penticton September 20 when the first postwar Pacific northwest rowing championships will be decided on Skaha Lake.

This was decided at a meeting here Sunday when representatives from rowing clubs in Vancouver, Victoria, Nelson, Kelowna and Penticton met to discuss the future of competitive rowing in the north west.

Possibility of forming an organization was discussed and it was decided that the British Columbia and Seattle are willing to enter it is almost certain that a group known as the Pacific Northwest Association of Amateur Rowers will be formed.

A similar association existed in the past but it was disbanded in 1939. The new club, if it is formed, will apply for permission to use the cups which were used by the old group.

Events to be staged here in September will include junior and senior singles; junior and senior doubles; novice, junior and senior fours and seniors in eights.

The organizers hope that the University of Washington Olympic crew will race against a Kelowna team in a special four's event.

NOT GUILTY OF ARSON

An Oliver man, R. Bastian, was acquitted of a charge of arson which he faced in County Court here yesterday before His Honor Judge M. M. Colquhoun.

Mr. Bastian was charged with attempting to set fire to his wife's grocery store on or about May 18.

H. W. McInnes, Q.C., appeared for the defence and John S. Atkins represented the Crown.

Fred Anderson, Still Spry, Is 90 Today

Today, Fred G. Anderson celebrated his 90th birthday.

And he didn't, as might be imagined, wait at his Ellis street home for friends to call on him with congratulations. — Mr. Anderson went out and celebrated his birthday at a party given in his honor at the home of a close friend.

By the calendar, Mr. Anderson is considered old, but those who have seen him on the rifle range still hitting "bullseyes" or making clever shots with a billiard cue will tell you that he is the youngest old man they know.

It was the billiard table which prompted Mr. Anderson to build the house in which he now lives. "I lived on the lot next door to this in a smaller place," he told a Herald reporter, "but I wanted a house in which I could put a billiard table so I built a larger one on this lot in 1945."

Down in the basement — Mr. Anderson navigates the stair without any trouble — the table is not often idle.

"There is always someone coming in for a game. You'd be surprised at the number of people who come here," he said.

His eyes and hand are just as steady and accurate on the rifle as they were when he was a young man.

Mr. Anderson only two weeks ago he was down at the Kaleden rifle range taking an active part in the proceedings where he proved that he can still hit a bullseye with the best of them.

At his home there is a shelf in the corner of his living room packed with cups and trophies which his rifle has won him. As recently as 1946 — he was then only 84 — he won the Shaford Trophy.

Mr. Anderson first came to the Okanagan 54 years ago — "Ellis street was not much more than a track then" — and settled on what is now known as Paradise Ranch.

Receives \$1,000 Prize

Penticton's Peach Queen Wins Title

Probably the happiest girl in B.C. today is Penticton's lovely Peach Festival Queen, 17-year-old Joan Nagle, who last night was chosen "Miss PNE" at the Pacific National Exhibition in Vancouver.

Bringing honor to this city, the attractive Penticton representative was the choice of a panel of judges over 13 of the loveliest girls in the province. With the coveted title goes a cheque for \$1000 which was presented to Miss Nagle last night on stage of the outdoor theatre at the PNE, before 10,000 people.

When Joan herself phoned the happy news back to her home town late last night, she was so excited she couldn't even think what she will do with her \$1000 prize money.

Competing with beauty queens from Vancouver, Surrey, Nanaimo, Kelowna, Campbell River, Vernon, New Westminster, Chilliwack, Kamloops, Burnaby, North Vancouver, Cowichan and Victoria, Joan was the choice of a panel of judges who took not only beauty but also personality and poise into consideration in making their difficult decision.

Last night's announcement was the jubilant climax to four days of gay activity for Joan and the other contestants. Since they arrived in the coast city the girls have been entertained at civic welcomes and banquets and have made numerous public appearances.

PARENTS THERE
The lovely Penticton girl, who did so much to make this year's Peach Festival a success, shared her triumph last night with her parents, Mr. and Mrs. S. B. Nagle, who were visiting in the coast city.

As "Miss PNE of 1952," Joan succeeds Victoria beauty Inez McLeod who won the title last year.

Miss Nagle will now represent the PNE, in addition to Penticton, at various functions and fairs throughout Canada and the United States.

Peaches and pears are moving rapidly into Penticton packing houses and reports indicate that, although some of the fruit is small, the quality is generally good.

Sizing of fruit has been retarded this year and some fruit varieties are being picked later than is usual.

According to M. P. D. Trumpp, district horticulturist here, there is a definite lack of uniformity in the sizing of the fruit. "On some trees, fruit will be normal size, yet on the same tree other fruit will be very small."

Outlook for the apple and prune crop is bright, Mr. Trumpp declared. Both fruits are coloring well.

The heavy rain on Monday did not damage fruit still on trees, but rather helped in improving the color, particularly in the case of Macs.

If the rain had persisted for many hours, Mr. Trumpp explained, and the temperature had been between 55 and 77 degrees there would have been grave danger of apple scab, but no trees have been affected.

The cool nights are helping the apples to color. In order to bring out the hues which are so attractive to the consumer, cold nights and warm days are required.

Ivan McLelland To Get Try-Out With Vancouver Canucks

When Ivan McLelland dons his goalie pads for the first time this season it will not be with the Penticton V's but with the Vancouver Canucks.

Ivan, who is the property of the New York Rangers, of which Vancouver is a farm club, has received orders to report to the Canucks' training camp which opens at the Memorial arena here on September 25.

Not Council Business

Council Balks At BEG Grant

Penticton's council, while theoretically approving the holding of the British Empire Games rowing events here in 1954, does not want to be drawn into any financial commitments at this date.

This was made clear at Monday night's council meeting when a majority of the members turned down a resolution to set up a nominal sum for preliminary expenses.

The resolution, introduced and vigorously sponsored by Alderman Frank Christian, had been tabled from the previous week's meeting.

It called merely for the provision of a maximum of \$250, which might be spent by a committee, which would presumably be in preliminary work with the games officials, gathering and presenting data.

Noting that this resolution, in addition to Alderman Christian, were Mayor Rathbun and Alderman Phillips.

But a majority were opposed, with Aldermen Haddleton, Harris, Hunt, and Titchmarsh voting in the negative.

HIGH CHARGED DISCUSSION
The discussion although it is (Continued on Page 8)

Cabinet Members Accompany Prime Minister On Visit Here

When Prime Minister Louis S. St. Laurent visits here on Tuesday he will be accompanied by two members of his cabinet.

In his party will be the Hon. Stuart Carson, Minister of Justice, and the Hon. R. W. Mayhew, Minister of Fisheries.

They will arrive here by air from Castlegar at about 11:30 a.m., and be taken immediately to a suite of rooms at the Prince Charles Hotel.

A civic luncheon will be held in the hotel at 12:15, presided over by Mayor W. A. Rathbun, when some 200 will be present to extend a welcome to the city's guests on the occasion.

The luncheon program will be very brief, and Mr. St. Laurent's public speech from the band shell in Gyro Park has been scheduled for 1:30 p.m.

If it rains, city officials have announced, the public appearance of the Prime Minister and his party will be transferred to the arena.

Mr. St. Laurent will be introduced to his Penticton audience by Judge M. M. Colquhoun, and will be thanked by O. L. Jones, M.P. for Yale.

Following this public program, the visitors will leave immediately for Kelowna, later proceeding farther north through the valley en route to the coast.

Travelling with the Prime Minister, in addition to his two cabinet colleagues, will be his two secretaries, J. W. Pickersgill and Ross Martin, and Bill Munro, public relations officer.

RT. HON. L. S. ST. LAURENT

FRED ANDERSON

Mr. and Mrs. Douglas Todd and three children, of West Vancouver, are on a holiday visit in Penticton and occupying the home of Mr. and Mrs. W. O. Marshall while the latter couple and their children are vacationing at Yellowstone National Park.

Prize Winners At Lions Club Tea

When the winning tickets for two prizes were drawn at the successful tea held on Saturday under the sponsorship of the Lions Club the door prize of a cup and saucer went to Mrs. W. Agar, 444 Tenris street, and Mrs. John Munro, of Naramata, won the steam iron.

Dorothy Raptis Shower Honoree

Miss Dorothy Raptis, whose marriage to George Donald Petley will take place on September 6, was the honored guest at a miscellaneous shower given by Mrs. Ken J. Doyle on Thursday evening of last week. Colored lights strung in the garden at the home of Mrs. Doyle added a gala atmosphere to the scene of the bridal shower. A doll carriage decorated in pink and white and wheeled by the hostess' small daughter, Patricia, and Irene Owen contained the many attractive gifts presented to the honoree.

Following a pleasant social evening refreshments were served by the hostess assisted by the Misses Helen

and Doreen Raptis, sisters of the bride-to-be, Patricia Doyle and Irene Owen.

Invited to the shower were Mrs. George Raptis, Miss Helen Raptis, Miss Doreen Raptis, Mrs. Jack Petley, Mrs. Alex Cumming, Mrs. John Apolzer, Mrs. W. D. Tidball, Mrs. Bill Nicholson, Mrs. Edgar Boulding, Mrs. Bill Boulding, Miss Rose Marie Boulding, Miss Marie Kluck, Mrs. F. A. Kluck, Mrs. J. M. McKay, Mrs. A. F. Biolo, Mrs. Frank McDonald and Mrs. Douglas White.

Miss Lottie Dodimead, of Victoria, who was en route to the coast following a visit in Salmon Arm with friends from Portage La Prairie, spent the week-end with Mrs. H. J. Hughes.

Hedley Church Scene Of Longmore-Loomer Nuptials

A bridal bouquet of shell pink roses and white heather sent from Scotland was carried by Eva Lucrulia Loomer to accent her lovely wedding gown of white lace and marquisette when she became the bride of Alexander John Longmore at an evening ceremony held in the Grace United Church, Hedley, on August 20.

Rev. Murray Cameron officiated at the rites for the daughter of Mr. and Mrs. G. C. Loomer, Hedley, and the son of Mr. and Mrs. A. Longmore, Kamloops.

An illusion veil worn by the bride was clasped by the priest studded orange blossom coronet to mist in chapel length over her model gown which was styled with a bouffant skirt of frilled nylon marquisette overdressed by a lace peplum in apron effect. The lovely lace was also fashioned into the frock's molded bodice with its portrait collar and sleeves in lily-point. Pearl earrings and necklace were the bride's only jewellery.

A trio of attendants, all gowned alike in softly shaded green dotted Swiss with sashes of taffeta entone, carried bouquets of white gladioli centered with yellow and pink blooms. Their square-necked frocks had full skirts in floor length. Mrs. Robert Hogberg came from Tacoma, Washington, to be matron of honor; Mrs. Gordon Hirtle, of Oliver, was bridesmaid and Miss Mary Longmore, Calgary, bridesmaid.

Cyril Overton, as bestman; Robert Fleming and Paul Eisenhut, ushers, were all from Oliver.

A profusion of beautiful gladioli decorated the church, scene of the pretty summer wedding, and the Moose Hall where the reception was held. Floral arrangements were by Mrs. T. C. Knowles.

Assisting the wedding entourage in receiving the many reception guests were the parents of the wedding principals. The bride's mother was attractively attired in a pale blue accessories; the groom's mother wore a flowered navy sheer with accessories entone. White and pink camellias formed their corsages.

Eric Johnson proposed the toast to the bride with the groom responding in the traditional manner. Cyril Overton gave the attendants' toast. Mrs. C. Bradley was accompanist for wedding soloist, R. Guidi.

A three tier wedding cake centered a beautifully appointed bridal table ornamented with low containers of sweetpeas and white tapers.

The bride donned a two piece navy ensemble, pink hat and navy accessories for travelling on a honeymoon which will be spent in touring British Columbia.

On their return the young couple will reside in Oliver.

Many congratulatory messages received by the newly married couple from Scotland, Vancouver and Powell River were read at the reception.

Parties Honor English Visitor

Mrs. Florence Hawtree, who came from England sixteen months ago to visit her son and daughter-in-law, Mr. and Mrs. T. C. Hawtree, and who will depart for home on September 7, has been the honored guest at several recent social gatherings.

While in Penticton, the English visitor has taken an active interest in many groups and women's organizations. She has been a member of the Penticton Players' Club, worked with the Canadian Red Cross and attended meetings of the Overseas Wives' Club and assisted in many of its projects.

In recognition of this latter effort, Mrs. Hawtree was honored at a farewell shower given by the Overseas Wives' Club on Wednesday of last week at the home of Mrs. Frank Freheanne.

The numerous gifts presented to the honoree were contained in a red and white replica of a sailing boat and flash photos taken of the guests by Miss Marjory Mickleburgh will be given later to Mrs. Hawtree to take to England with her.

Again honoring the visitor will be the "At Home" to be held on Sunday evening, August 31, at the home of her son and daughter-in-law, where friends and acquaintances may have the opportunity to wish her bon voyage.

Calgary Airman And Wife Honored At Party

Mr. and Mrs. Ted Gaskell entertained on Saturday evening honoring their week-end guests, P/O H. H. Price and Mrs. Price, of Calgary, who were celebrating a wedding anniversary.

Special significance was attached to the occasion as Mr. and Mrs. Gaskell were bestman and matron of honor, respectively, at the marriage of their guests in Vancouver two years ago.

The four young people prior to that time had all come from England and when Mr. and Mrs. Gaskell were also married in Vancouver earlier in the year the other young couple had attended them.

LOUNGING WEAR—Two piece lounging pajamas have black rayon tailored trousers and eye-catching red chequered sleeves.

Summer Nuptials For Edith Watts Edward Kuzyk

Miss Edith Harriet Watts became the bride of Edward Kuzyk, of Princeton, at a pretty summer wedding held on Friday in the First Baptist Church with Rev. J. A. Roskam as officiating clergyman.

The bride, given in marriage by her father, is the eldest daughter of Mr. and Mrs. Wilfred G. Watts, Penticton, and the groom is the son of T. Kuzyk, of White Fox, Saskatchewan, and the late Mrs. Kuzyk.

White lace posed over net and satin fashioned the bride's lovely gown styled with a bouffant skirt, molded bodice, lily-point sleeves, and tiny collar, rhinestone trimmed.

A veil in chapel length misted from a coronet of pleated net and complementing the bride's attire was her rhinestone necklace and bouquet of red roses intermingled with white carnations. She carried a sheer lace handkerchief which her mother had carried on her wedding day.

The bride's sister, Miss Ruth Watts, as maid of honor, and bridesmaid, Miss Elsie Granberg, both chose frocks of blue taffeta accented by elbow-length gloves in shell pink. They wore blue bandeaux and opal necklaces. Their flowers were in pastel shades.

Jim Lowndes was bestman and ushering were Walter Watts, the bride's brother and Fred Schaeffer, Church organist, Mrs. H. B. Bayne, accompanist soloist, Mrs. Pat-Danallanka.

At the enjoyable reception held in the IOOF Hall the parents of the bride assisted the wedding entourage in receiving the many guests. Mrs. Watts was attractively attired in a navy blue figured nylon with pink and white accessories and blending carnation corsage.

A beautifully decorated wedding cake centered the bridal table in the reception hall which was artistically decorated with wedding bells, streamers and a profusion of late summer blooms. Mr. Roskam proposed the toast to the bride with the groom responding.

The bride chose a rose colored suit topped by a white shortle coat for travelling on a honeymoon motor trip to Saskatchewan and other Prairie Provinces. On their return the newly-married couple will reside in Princeton.

Out of town guests at the wedding were Mr. and Mrs. A. Kuzyk, of Princeton, brother and sister-in-law of the groom; Mr. and Mrs. Harry Tait, Vancouver Island; Mrs. J. Watkin, Miss Kay Robinson, both of Vancouver; Mr. and Mrs. Madeline Hope; Mrs. A. Blinn, the Misses Bantico, Delois and Dora Stanley, all of New Westminster, and Len McEwen, of Vancouver.

Sister Of E. L. Child Passes In Brandon

Word was received last week by E. L. Child of the death of his sister, Mrs. Maude Smith, wife of G. T. Smith, at her home in Brandon, Man.

The late Mrs. Smith was well known in Penticton having visited here on several occasions.

T. E. Leigh came from West Vancouver last week to join Mrs. Leigh, Cindy and Lynn, who had been summer holiday visitors at the home of Mr. Leigh's brother-in-law and sister, Mr. and Mrs. N. R. McElroy, Skaha Lake. The visitors all returned to the coast on Sunday.

PRIME MINISTER'S VISIT

Next week the people of Penticton and district will have an opportunity of welcoming a distinguished visitor, the nation's Prime Minister.

In advance of that occasion, the Herald would stress that there can be nothing but gratification in the fact that Mr. St. Laurent, in his B.C. tour, is visiting not only the populous metropolitan areas, but is also giving time and attention to the smaller centres.

Penticton is appreciative of this, and we know there will be a large attendance by the public at the open-air speech to be given from the band shell in Gyro Park on Tuesday, shortly after the lunch hour. The people of this part of the province, putting aside partisan considerations, will be glad to show their admiration for a man who not only leads the national government, but who also in a personal sense is certainly one of the country's finest products.

Mr. St. Laurent is a man of deservedly great prestige, whose capacity to lead a truly national political party has been abundantly demonstrated. He merits the applause of Canadians, and he is getting it.

The Herald has not always agreed with the actions of the Ottawa administration. It has occasionally been in very sharp disagreement. But on one point we can still join with many another editorial voice, and emphasize that for Mr. St. Laurent, as indeed for the government that administers our national affairs, Canadians should be profoundly thankful.

We are not among those who seem to feel that Canada's phenomenal growth and flourishing success of recent years has been some happy coincidence, a blending of timely events and rich natural resources, and so on. We lean very much to the view that there have been some highly capable hands at the helm and that, given a different quality in leadership in those same recent years, Canadians, one and all, could only too easily have been dumped into perilous economic waters—which indeed still swirl about us and which may, even yet and despite the best leadership conceivable, engulf us in their hazards.

Canada meanwhile is the wonder of the rest of the world. Even the slightest reading of a foreign press demonstrates this. Yet a prophet may proverbially be not without honor, save in his own country, and it goes without saying that the present government and its logical opposition could be gravely weakened in the strange political process that, at least in various provinces, is tearing the nation into ill-assorted bits and pieces.

The only hope for the parliamentary system is that strong national parties be preserved. Yet a casual glance at our provincial administrations reveals fragmentary formations in at least four of the provinces, with little hope of any one of these various fragments growing with any effective speed into truly national dimensions.

In such a situation the Herald gives all the emphasis at its command to the value of parties that are truly national in scope, and re-emphasizes the value of such a man as Mr. St. Laurent, not only to one particular party, (which is not the important point at all), but to Canada as a whole and its future.

GROWERS WANT CASH

This is the time of the year when first returns of the season to fruit producers take the form of welcome cheques in the mails. Certain advances have been out for some time on cherries, from some of the packing houses, others are just now going out, and, to judge by the remarks we hear from some growers of the general district, others are still being awaited.

We are not competent to judge the justification of apparent delays, when they do occur. But this we would emphasize—the whole focus of the orderly marketing arrangement within this valley should be concentrated upon getting the grower's money to him just as quickly as it can be managed. The producer must pay cash for many an item of growing size and complexity, and any delay that appears unwarranted, or out-of-step with activities in most other packing houses, should be promptly studied—and corrected.

STUPID APATHY

The small attendance at the civic polls here last Saturday, when a \$260,000 money-by-law involving sewerage extension was before all taxpayers in the general sewer area for endorsement, is very disquieting.

Of almost 2,200 entitled to the vote, only 381 actually did so.

Fortunately, the measure carried. Under the circumstances it might easily have been defeated, for it is a well-known fact that the malcontents always put in an appearance.

What probably saved the situation at all was the determination of those within the area still unserved with sewers to get their long-awaited service.

Penticton should give heed to its apparent indifference, and recognize that it is the path of apathy that leads to trouble aplenty.

The explanation has been offered that there was misunderstanding, that many people did not know that everyone within the general sewer district was entitled to a ballot. The explanation may be an accurate one, but it only adds the more to the serious reflection on the people of Penticton. For this voting on sewer matters is no new thing. It's been under way for a half dozen years, and in the three votes on previous sectional developments, the question as to who had the right to vote was exhaustively discussed and explained. Last Saturday, those within the proposed new area certainly knew they were involved. And everyone else in the area had been affected by previous votes in which everyone could join.

Are Penticton people adding a good helping of stupidity to their apathy?

Flattery's like perfume — to be smelled, not swallowed.

The money the other fellow has is Capital. Getting it away from him is Labor.

The world is full of willing people: some willing to work, the rest willing to let 'em.

Sometimes a man devotes all his life to the development of one part of his body — the wishbone.

Our Town

By Jack Scott

WASTED ADVICE

Will some kind lady in the audience please tell me why it is that so many of her sister females are able to resist all efforts to make them attractive?

Let me explain the question more completely. To begin with, I am depressed daily by the sight of women who are badly dressed, who seem to have no more idea of cosmetics than Tottenot, who possesses a gift for selecting wrong colors and styles that borders on genius. About one woman in 10 seems to have a grain of good taste or the ability to enhance her natural personality and appearance. This is as true of wealthy dowagers as it is of \$18-a-week store clerks or of housewives, whomake even less.

I can't understand it, in the first place, because this is a day when the art of beautifying Milady is as big business as making steel. You can't pick up a newspaper or magazine that isn't crammed full of advice to women on what to do with what they've got, however little it may be.

High-priced experts study stylings that best suit a particular shape of face, color schemes that will enhance any given complexion from chalk white to charcoal black. Authorities on cosmetics, who make four-figure salaries each week, report on the mystic art of feminine camouflage, down to the last minute detail. Dress designers fashion clothes scientifically to conceal or flatter any reasonable figure. Even the manufacturers of spectacles have turned loose the architects to create glasses that make the astigmatic dramatic.

And yet, somehow, 99 percent of the women, most of whom read all this information religiously and avidly, apparently might just as well be reading Mother Goose rhymes.

I know what you're going to tell me. It costs money to dress well, to visit hairdressers and so on. Yet the very essence of the literature devoted to female beauty is economy based on the theory that it isn't so much what the ladies are able to purchase but what they have.

This may be a cockeyed theory. I wouldn't know. But it certainly sells an awful lot of lousy magazines and I don't think they're being bought by men.

Let's consider the case of a certain young woman of my acquaintance. In 1942 when I last saw this gal she was, if you'll pardon the expression, nothing to write home about. She was dressed and groomed as if she were determined to prove it.

How that tomato had ripened on the vine! Someday had she told her what to do with her hair. There was a simplicity and harmony about her clothes. Smartness and good taste had taken over where Mother Nature, in her whimsical way, had given up the job.

I don't over-rate the importance of this. I liked this particular female in 1942 as much as I do now. She could dress in burlap and old newspaper for all I care. It is the women, themselves, who attach the importance to external appearance, as any casual eavesdropping ought to prove.

And certainly if it is as simple as those articles in McCall's, and the Woman's Home Journal suggest, a woman's a fool not to do something about it.

I can hear you now, dear lady. Oh, my, yes, there are millions of men who could use some advice on improving their own facade. The difference is in the urge. Most men are not particularly concerned with anything more than an adequate appearance and it is usually enough. But in their competitive world, most women want something more. And there is every facility to help them.

Why do so few help themselves?

VICTORIA—The Bennett government has been in office less than a month. It has moved with a speed that is almost breath-taking. And, already, it has fallen into the good, old-fashioned government trap of double-talk.

On hospital insurance, the double-talk is wonderful to behold, and quite impossible to figure out. Do we have to pay our hospital insurance premiums or don't we? If we don't will we be hauled into court for breaking the law, or won't we? Nobody knows. Even the government doesn't seem to know.

Health and welfare minister Martin is the government's best double-talker so far. He is charged with administering the heavy hospital insurance. Because Social Crediters ran around during the election campaign saying they'd take the compulsion out of hospital insurance, Mr. Martin is on a hotter spot than Liberal Mr. Turnbull when he had hospital insurance.

So now Mr. Martin is trying to do away with the compulsion, and, at the same time, he's trying to keep it.

"The law is the law, and we are not going to flout it," says Mr. Martin. Then, doing a not-so-neat flip-flop, he says: "We will try all measures we can short of a summons to get payment. We are appealing to delinquent people to join with us in making BCHIS a success."

Well, now. Mr. Martin says the law is the law, and the government won't flout it, and then, he says, the government will stop short of a summons in trying to enforce the law.

"We believe encouragement is better than enforcement," says Mr. Martin. "Our basic principle will be to uphold the sanctity of the individual."

Those are fancy, high-sounding phrases. Encouragement is better than enforcement. Where will this lead? Are people going to be encouraged, rather than forced to obey traffic rules? Is it now going to be quite legal to refuse to pay the sales tax? It's going to be nice when the day comes when we're merely encouraged, and not forced, to pay income tax. It's safe to say a lot of people just won't be encouraged.

This observer would say the people of British Columbia have great cause to worry about the future of hospital insurance. One of these days, they're going to find they have no hospital insurance at all. Hospital insurance simply cannot be a success unless everyone pays. To make it voluntary penalizes the honest citizen. He pays, not only for himself and his family, but also for the chiseler, who won't pay his premiums and then refuses also to pay his hospital bill.

A lot of rot is talked about compulsion. Of course we don't like compulsion. But there must be compulsion for the common good. If the Social Credit government is no horrified because hospital insurance is compulsory, does it intend to take the compulsion out of education? If it does one, why shouldn't it do the other? Are we reaching the stage where we may buy an automobile license, or not, as it suits us? Ah, happy, chaotic age — an age of absolutely no compulsion.

There's no reason the Social Credit government of Bennett shouldn't stay in power eight or ten years. But, if it allows hospital insurance to collapse, so, too, will the government collapse with a thud even louder than the thud of the Liberal-Conservative collapse last June.

It's good to see a government of action, but so important a matter as hospital insurance shouldn't be monkeyed around with until the government is positive that what it does will not jeopardize a service that all the people of this province desperately need.

DR. JIRI (GEORGES) MARES, 43-year-old lawyer-diplomat, who resigned as Czechoslovakian consul-general in Montreal and was granted political asylum in Canada, poses with his family in Ottawa. With him are his wife, left, and daughters Helen, 16, rear centre, Hanna, eight, left front, and Marguerite, 10. Prince, the family's pet dog, was on hand too. Dr. Mares is believed to be the first ex-Communist among the lengthening list of foreign diplomats who have been granted asylum in Canada since the war.

Anderson

(Continued from Page 1)

of mine showed me how to do taxi-derry work," he declared.

Proof of Mr. Anderson's work in that field is a picture in his living room of 20-odd heads which he mounted for himself.

"Sometimes they would forget they had left heads with me and I'd have to tell them in order to pay for my labor," Mr. Anderson recalled.

ANOTHER AGE
Other pictures on his livingroom walls take one back into another age. There is the he-ribboned soldier; he is Mr. Anderson's great grandfather, Major General Glas-

gow, who was in command of Queen Victoria's forces in the war of 1802 and who also fought at Waterloo against Napoleon.

Another picture shows Mr. Anderson's grandfather, the man who was known as "Beau" Corbett, and was claimed to be the handsomest man in Canada according to old Ontario newspaper clippings which Mr. Anderson keeps carefully.

It was in Toronto, Ontario, that Mr. Anderson was born.

In 1893, he came west to Regina. In the thirteen years between then and 1908, when he rode mule back into the Okanagan Valley, he tried his hand at a variety of jobs.

LETTER OF THE LAW
On the prairies he farmed for eighteen months. This was in the days when a man could obtain land if he lived on it six months in the year for three consecutive years.

Mr. Anderson ran his three six month periods consecutively and in that time cultivated 15 acres of land in his half section.

But government officials stuck to the letter of the law and insisted that the eighteen months should be spent in a period of three years.

"The man on the next half section built a tar paper shack, went down to his land every week to eat his lunch and fulfilled the terms of the agreement. I didn't intend to spend another year on the land, so I gave up my claim to it," Mr. Anderson explained.

Then he went north and for a time ran a stopping house for stage coaches at Humboldt. Another venture included a trip on a cattle boat to England where he stayed for six months.

Returning to this continent he went to Montana and from there made his way to the Okanagan.

He reached Grand Forks, and from there rode his mule into Similkameen.

"All I had was my saddle and my coat and with these I walked across the hills to Fairview where I took the stage for Penticton," he relates.

Mr. Anderson didn't stay in Penticton, but boarded the steamer for Kelowna where he joined his brother and worked in the tobacco planting industry which was in the experimental stages at that time.

After spending some time in Kelowna he came down the valley and settled at the Paradise Ranch.

In the intervening years since he has come to have a multitude of friends, who have admired in him such a generous nature as donating to establish the Anderson wing at the hospital—and for many other things, most of all for being just himself, quite a wonderful fellow.

Council Does Not Favor Change In Civic Voting Day

Penticton council does not think very much of the suggestion of amending the municipal act so as to have annual civic elections on a Friday, instead of on a Saturday as the act now specifies.

"The reason for the suggested change, it transpires, is that beer parlor sales are more affected by a Saturday closing than by a Friday closing. Saturday, it is explained, is a big beer day. Whenever the election is held, the parlors are automatically closed."

The suggestion for the change came from Revelstoke several weeks ago. Now Nelson has joined in a similar request, and the latter city's letter was before the Penticton council Monday night.

"More people are likely to vote on a Saturday too," Mayor Rathburn pointed out.

"The election is held only once a year," added Alderman Haddleton, "and it is much more important than any question of beer sales going up or down. I think the whole community here would feel the same way about it."

His recommendation that the letter from Nelson be merely read was promptly accepted by the whole council. In effect, this means "thumbs down" on the proposal.

House Still Under Construction Is Damaged By Fire

Serious damage was caused by fire of yet undetermined origin at the home of G. Moore of Roy Avenue about 5 p.m. Tuesday.

The house, still under construction, is almost fully insured.

Firemen experienced serious difficulty in fighting the blaze because of the distance of the house from the main fire hydrant.

A booster pump was used and a water supply was obtained from the shrine adjacent to the house. Amount of damage has not yet been assessed.

"Green Ball Of Fire" Flashes Across Sky Here

Bob Bryant, Herald apprentice, and Bob Hewer, member of this city's airforce cadet group, have reported seeing a "green fireball with a reddish tail" in the sky north of Penticton last Saturday.

The phenomenon flashed across the sky about 11 p.m. and appeared to go out after several seconds.

The fireball appeared to come from the east side of the lake and was descending at a sharp angle in the general direction of Westbank.

"It was much bigger than a falling star," the boys said.

Wholegrain cereal may be made more flavorful if honey, maple syrup or sweet juices from canned fruit are used with it. Fresh fruits in season add variety as well as vitamin C.

"C" Squadron British Columbia Dragoons (9th Reece Regiment) PART I ORDERS

A's Defeat Rutland In Exhibition Game

Penticton Athletics kept in trim for the Okanagan-Mainline League finals which begin here next Wednesday when they trimmed the Rutland Adanacs 10-6 in an exhibition game at King's Park last night.

The Rutland nine are pennant winners in the Interior league, but they were no match for the local A's. Johnny Apolzer went the first five innings for the Athletics, but

Council Endorses Purchase Of Pipe Thawing Machine

Because its present thawing machines do not give effective service on copper pipe in local domestic water services, the city council has placed an order for a more powerful machine in Montreal, at a cost of \$3,300.

Use of copper, according to earlier policy, was so as to have the much longer usage.

Paving plans in this city have often been held up or spoiled by the necessity of digging up water connections, and decision to use copper was therefore endorsed.

But the fact that a new thawing machine had to be purchased was an admission that the copper connections had not been properly laid. This was a thought raised by Alderman Titchmarsh at Monday evening's council meeting.

The answer was offered that the location and depth of most mains would make it extremely costly to ensure proper depth for all connecting services, and the nature of the ground in about half the city area was such that some freezing of services could not be avoided at some time or other.

The city engineer gave it as his opinion that, under the circumstances, purchase of a new thawing machine was by far the cheaper remedy.

With this view council apparently concurred, in finally endorsing purchase of the machine.

It is important to give the feet proper care. A daily bathing, especially alternate plunges from hot to cold water, will help to stimulate and strengthen these means of support and locomotion. Careful drying, a dusting with foot powder, and well-fitted shoes will make standing and walking much more comfortable.

a three run homer by Naito sent him to the showers and manager Les Edwards went the rest of the way.

Local Dramatists Discuss Program For Fall Season

Members of the Penticton Players' Club met recently to discuss the program for the fall season.

Plans were made to present a "Theatre in the Round" show in late September. Presentations in the comparatively new stage medium will include Shakespeare and modern Canadian comedy.

The club also decided to present a costume drama early in November and "something very special" is planned for December.

At the meeting held at the home of Miss Joan Appleton, a one act comedy "The Blue Teapot" was read in the early part of the evening and later "The Facts", a drama by Percival Wild, was performed in the garden by lamp light.

Taking part in the first play were Mary Lishman, Tom Hawtree, Geoff Allington and Blanche Howard, who also directed the play.

In the second play were Audrey Allington, and Joe Henderson. Phyllis McLean was director.

The average Canadian weekly wage is now \$50.04 for a 41.5 hour week.

Bridges

(Continued from Page 1)

of this channel would be studied and a decision on whether or not the work would be carried out could be made at a later date.

Public works department officials were advised that the city did not have funds for the purpose of acquiring road right-of-way for arterial highway purposes in the development of such a highway to replace Lakeshore Drive when a new bridge across Okanagan River is constructed.

Hon. Mr. Gagliardi advised the council that it was not the policy of the government to acquire road right-of-ways, but the local problem would be studied and a decision arrived at in due course.

Alderman Christian requested that some consideration be given to providing a lagoon in the location of the present mouth of Okanagan River by dyking by the use of material acquired from the new channel excavation, and Mr. McCallum promised to discuss this matter with the proper officials in regard to the same suggestion at the Skaha Lake end of Okanagan River, but difficulties were much more pronounced at this location.

The question of relocating the main highway on Kruger Hill was discussed and Mr. McCallum indicated that it may be possible to relocate this road on a lower level and eliminate some of the traffic hazards, but this problem would be considered at some future date.

In And AROUND TOWN

Miss Donna Longmore and Hugh Kerr, of Vancouver, were week-end visitors at the home of the formers' parents, Mr. and Mrs. A. T. Longmore.

Mr. and Mrs. A. E. Tidball returned home Sunday from a holiday visit in Bellingham, Washington, and Vancouver.

R. M. Putnam, of Edmonton, arrived in Pentiction on Saturday to join Mrs. Putnam, Margaret and Bill, who have been visiting for the summer with Mrs. Putnam's parents, Mr. and Mrs. H. Keith Whimster. The Putnam family will leave for home on Saturday.

Mrs. H. S. Parker, who has been attending the summer session at the Banff School of Fine Arts, has gone to her Alberta ranch for the harvest season.

Among those from the Pentiction Golf Club travelling to Okanagan Sunday for the inter club golf match were, Mr. and Mrs. George Anson, Mrs. W. J. Betts, Mr. and Mrs. G. B. Latimer, Mr. and Mrs. W. H. Johnstone, Mrs. A. Ward, Mr. and Mrs. C. H. Hinchman, Mr. and Mrs. Allan Mather, Mr. and Mrs. J. M. McKay, Mr. and Mrs. Hugh Lynch, Mr. and Mrs. J. Manning, Miss Dorothy Doner, Mr. and Mrs. T. M. Syer, Mr. and Mrs. R. C. Jamieson and Mr. and Mrs. W. K. Perkins.

Mr. and Mrs. W. A. Christian and children, Bobbie, Alex and Anne, of Savona, have returned home after visiting at the home of Mrs. Christian's parents, Mr. and Mrs. Earl Hughes.

Mr. and Mrs. J. Grady, Peter and Nancy, of Texada Island, who are enroute to Kelowna where they will take up residence, are guests at the home of Mr. and Mrs. W. W. Riddell.

Mr. and Mrs. T. M. Syer and Mr. and Mrs. R. C. Jamieson were visitors last week in Spokane.

Recent visitors at the home of Mr. and Mrs. A. E. Tidball were the formers' brother and sister-in-law, Mr. and Mrs. W. A. Tidball, Billy and Marilyn, of Calgary.

Mr. and Mrs. A. T. Longmore left yesterday for Vancouver where they will spend a few days on a business visit.

Mr. and Mrs. Clayton W. Denton and small son, Clayton Mac, of Little Rock, Arkansas, are guests this week with Mrs. Denton's brother-in-law and sister, Mr. and Mrs. Alan Lusted. Prior to arriving here the visitors spent some time in New Westminster with Mrs. Denton's parents, Mr. and Mrs. R. C. McDowell.

Harold Tribe, who has been visiting his parents, Mr. and Mrs. J. Tribe, left this week for White Rock where he will join the staff of the Ray Shepherd School.

Miss Rita Backmeyer, daughter of Mr. and Mrs. J. S. Backmeyer, has accepted a teaching position at Carcross in the Yukon. While enroute north Miss Backmeyer will stop to visit her brother and sister-in-law, Mr. and Mrs. Jerry Backmeyer, at Prince George, and will continue her journey from there by plane.

Mr. and Mrs. H. H. Rushworth and family, of New Westminster, are spending a few days with Mrs. Rushworth's parents, Mr. and Mrs. J. Tribe.

George Holt Woolfenden has arrived from Rochdale, Lancashire, England, to join the teaching staff of the Pentiction elementary school. Mr. Woolfenden is on exchange duty with Mrs. Maude Adams, who left Pentiction in June for England. He is a veteran of World War II and has had 4 1/2 years teaching experience.

Visiting last week with Mr. and Mrs. R. S. Wilton were their grandchildren, Miss Barbara Wilton, of White Rock, and John and Joanne Pledge, of North Burnaby.

Autumn Colors Predominant At Robertson - Armstrong Wedding

KEREMEOS — St. John's Anglican Church, Keremecos, was beautifully decorated with gladioli and chrysanthemums in autumn colors for the lovely wedding of Elizabeth Ann, only daughter of Mr. and Mrs. Edward Carrell Armstrong and Quintin McAdam Robertson, only son of Mrs. Cecilia Robertson and the late James Robertson, which took place here on Saturday evening, August 23.

Given in marriage by her father, the stately young bride entered the church to the strains of the wedding march wearing a ballerina length frock of white tulle and lace with a Chantilly lace coat and veil of white tulle and lace with a lace cap. She carried a hand-made lace handkerchief, carried by her maternal grandmother, Mrs. O'Grady, at her wedding, and small white orchids crested her white prayer book.

Autumn colors were chosen by the charming attendants, with the maid of honor, Miss Vivian Doldge, of Vancouver, in russet brown, Miss Patty-Lou Clarke, of Keremecos and Vancouver, in moss green and Mrs. Milton Cook, of Cawston, in old gold. Their dresses were fashioned alike in ballerina length with Spencerian jackets and net over-skirts. They carried muffs of gladioli in autumn tones.

Little Marie Elaine Bourhis, niece of the groom, made a sweet flower girl in yellow organza with a wreath of flowers in her hair; she carried white Shasta daisies.

The bestman was Gordon Goghlin, of Vancouver, and the ushers were Tom Anderson and George Armstrong, brother of the bride, both of Vancouver. Rev. George T. Pattison officiated at the double ring ceremony.

During the signing of the register, Mrs. George Armstrong, sister-in-law of the bride, sang "O Perfect Love" accompanied by Mrs. W. Corkie, who officiated at the organ before and during the ceremony.

Mrs. Armstrong, mother of the bride, wore a lovely frock of rose beige lace with hat and eon and cocoa brown accessories; her corsage was of roses. Mrs. Robertson, who drove from Santa Barbara for the wedding, was charmingly dressed in grey lace over taffeta with purple accessories and corsage.

Four generations of the bride's family came to the valley for the wedding with Mrs. George Armstrong, mother of E. C. Armstrong, flying west for the wedding and the bride's little nephew, John Armstrong, accompanying his parents.

Mr. and Mrs. E. W. A. Cooper were week-end visitors in Vancouver and Victoria.

Mr. and Mrs. John Truffery, of Nanaimo, are visiting Miss Margaret Duncan.

Among those who will arrive on Friday to spend the Labor Day week-end as guests with Mr. and Mrs. Douglas Dewar, Banbury Joint, Kaledon, are Mr. and Mrs. Harold Henderson, and daughters, Patricia and Janet, of Victoria. Other guests, who will arrive from Caulfield, will be Mrs. W. A. Adair, Mrs. C. F. Harrison and Mrs. S. S. Petrie, mother and sisters respectively of Mrs. Dewar. Douglas Adair Dewar will come from Vancouver to spend the week-end with his parents.

Dr. and Mrs. A. Earl Wells, and sons, Tommy and Robbie, will spend the holiday week-end in Spokane.

Visitors last week with Mr. and Mrs. Gordon A. Clarke were the latter's brother-in-law and sister, Mr. and Mrs. C. Murray Reynolds, Ann Marie and George, of Nanaimo.

Mrs. H. E. Chalmers, who has been on a holiday visit to Ontario, arrived home on Sunday. Mrs. Chalmers accompanied Mr. and Mrs. W. P. Bobbitt on the holiday trip east and returned west with them via San Francisco, Salt Lake City and Portland. Mr. and Mrs. Bobbitt plan to spend the current week in Oregon before returning to Pentiction.

Margaret Duncan Honored At Party On S.S. Sicamous

The lounge on board the SS Sicamous was the scene of a pretty miscellaneous shower held on Sunday afternoon by Miss Margaret Macleod and Mrs. W. A. Holden to honor Miss Margaret Duncan, a September bride-to-be.

A replica of a gaily decorated wedding cake contained the many lovely gifts presented to the honoree, who was also the recipient of a yellow rose bud corsage presented by small Trudy Chartrand on behalf of the party hostesses.

Presiding at the tea table, beautifully decorated with low containers of phlox and roses, was Mrs. D. A. Patterson.

Among those invited to the bridal shower were Mrs. L. A. Chartrand and Trudy, Mrs. L. Macleod, Mrs. J. Newton, Mrs. Andrew Johnston, Mrs. D. A. Patterson, Mrs. J. F. Elliott, Mrs. A. J. Coulter, Mrs. W. T. Matlock, Mrs. George Corbin, Miss Yvonne Blagdon, Miss Ruth Gibbs, Miss Adelaide Evans, Miss Mickey Bell, Miss Vera Davies, Mrs. H. B. Gibbs, Mrs. Gordon Harris, Miss Betty Game, Miss Alice Fuller and Miss Betty Parkin.

Gyros Entertain Beneke Aboard Sicamous Tonight

At 9 p.m. this evening, the familiar strains of "Moonlight Serenade" will drift through the Memorial Arena as maestro Tex Beneke gives the down beat to open his first engagement in Penticton.

Beneke, successor to Glenn Miller as leader of the "Music in the Mood" orchestra, was scheduled to arrive in Penticton this afternoon shortly after press time.

Dinner aboard the Sicamous as guests of the Gyro Club has been arranged for Beneke, his band and vocalists Bill Raymond and Joan Kavanagh.

Dancing at the arena will continue from 9 until 1 a.m.

While on vacation from school, children demand extra snacks and drinks at all hours of the day. It is better for the children's health and teeth if those odd lunches consist of whole grain cereal bread, fresh fruit or fruit juices or milk or milk desserts.

Rexalls Play Vancouver For Softball Title

The Penticton Rexalls will be going all out after the provincial title this week-end when they meet the Collingwood nine from Vancouver in the B.C. Junior Girls' Softball Championship finals at Kiwanis park.

The series will be a best of three affair with the first game to go at 2:30 Sunday afternoon. The second will be played at 6:30 Sunday, and the third, if necessary, on Monday.

The Collingwood aggregation has been together for five years and will be a tough team to beat.

Okanagan Falls Church Scene Of Bell-Havens Rites

The United Church at Okanagan Falls was the setting on the evening of August 2 for the pretty summer wedding which united in marriage Dolores Lorraine Havens and Louis Martin Bell, Rev. F. C. Howell, of Oliver, was officiating clergyman.

The bride is the daughter of Mr. and Mrs. Francis Havens and the groom the son of Mr. and Mrs. E. Bell, all of Okanagan Falls.

A gown of white bridal satin with long-point sleeves and sweetheart neckline was worn by the bride for her nuptials. Her veil in chapel length misted from an orange blossom coronet and she carried a bouquet of yellow and salmon colored gladioli to complement her ensemble. The bride's only jewellery was a gold locket, a gift of her groom.

Miss Patricia Havens and Miss Sharon Havens, sister and cousin of the bride respectively, were her attendants.

The former chose a pink taffeta frock and carried a rosebud nosegay, while the latter was wearing a taffeta gown in ice blue accented by a pastel-colored nosegay.

Frank Bell was best man for his brother and ushering were Earl Young and T. Francis Craney.

Miss Joyce Bell, sister of the groom, as wedding soloist, sang "I Love You Truly".

Assisting in receiving the guests at the large reception held in the community hall were the parents of the wedding principals. The bride's mother was attractively attired in grey with accessories and the groom's mother wore a blue frock with accessories on tone.

When the newly-married couple left for a honeymoon tour in the United States the bride donned a green, gabardine suit with brown accessories and wore a corsage of blending colored blooms.

Out of town guests were Mrs. Ella Magaw, grandmother of the bride, Miss E. Sundin, Mr. and Mrs. J. Lockhart, Mr. and Mrs. L. A. Chartrand, Mrs. Sherman Bond, all of Penticton; Mr. and Mrs. W. F. Cole, Spokane; Mr. and Mrs. Clifton and children, Wilson and Shirley, Mr. and Mrs. Christie and children, of Keremeos; Mrs. Bruce Havens, Sharon and Carol, Victoria; Mr. and Mrs. P. Brent, Penticton; Mr. and Mrs. Fethers, Summerland; Mr. and Mrs. Tipton, Marron Valley.

Mr. and Mrs. S. B. Nagle left last week for a holiday visit in Vancouver. They will be joined there next week by Miss Joan Nagle and they will all continue their visit for another week. Miss Nagle, Queen Val-Vedette V, is in Vancouver appearing at the Pacific National Exhibition as the Penticton representative.

Mr. and Mrs. W. P. Touhey will spend the Labor Day week-end in Vancouver.

Mrs. F. J. Millar left on Tuesday of last week for a holiday visit in Ottawa.

Small Vote, But By-Law Passed

Penticton has authorized the final portions of its sewerage development scheme, which was started six years ago.

By a \$200,000 money by-law, adopted at the polls on Saturday, the remaining southerly part of the urban area will be linked with the disposal plant.

The by-law will enable residents in the section from the railway station north to Eckhardt avenue to join the project.

In three earlier votes, the sewerage has been extended to the balance of the community between Eckhardt and Okanagan lakeshore.

The passage of the most recent by-law was by one of the most indifferent attendances at the polls in the city's entire history. On a percentage attendance basis, it was the worst ever.

There were only 381 votes cast, out of a total of almost 2200 which could have been cast.

FAVORABLE MAJORITY

Of those voting, 335 were for the by-law, 37 against, and 9 were spoiled. The favorable majority was greater than the statutory requirement of three-fifths.

Those within the general sewer district were entitled to vote, whether or not they were already served.

But there was apparently some misunderstanding on this point, it was stated by council spokesmen at the meeting on Monday night when the returning officer's report was given. Many people thought that the only people entitled to vote were those within the section it was proposed to serve with new sewerage works, it was explained, and this to some extent accounted for the poor attendance.

Kelowna's District Road Paving Program Nearing Completion

KELOWNA — When the paving program for the roads outside the city limits in this area is completed within the next week or ten days, it will mean an aggregate of 89 miles of district roads will have been hard-surfaced since 1948.

Hard-surfacing by Storms Contracting Company has been going on all summer. Roads in Kelowna proper were done in June.

When this year's program is completed by Storms, there will be a total of 33½ miles of road done, according to Mr. Willis. This is more than half again than the 20 miles originally intended.

Reason for the larger paving mileage, according to Mr. Willis, was that public works crews managed to get district roads ready for the hot mix sooner than expected. The department felt that the work might as well be done now, now that proper equipment was in the district.

The Federal government collects 49 per cent of its revenue from personal and corporation income tax.

FOR PETE'S SAKE BE CAREFUL!

← THIS IS PETE

These are big days in the life of Pete. He has started school! In the few brief years of his existence, Pete hasn't had time to learn all about life and living. In his pursuit of happiness... in his forgetfulness of a split-second — he may on sudden impulse dash out into the street and into danger! There are two things you can do if you drive a car — drive with extra caution whenever you are near the school; and secondly, have your car in top running order. Keep your car in good condition by visiting Hunt-Rolls regularly — and help Pete have a safe school year.

Bring Your Car To Penticton's Leading Repair Headquarters

You can trust your car in our hands whether your car needs major or minor repairs. Our trained mechanics will use only the genuine parts necessary to put it back into A-1 shape. Let our mechanical experts do the worrying about your automobile.

Council Balks

(Continued from Page 1)
volved no bitterness, was nevertheless high-charged, with the opposing views given lengthy discussion, both at Monday night's session, and at the meeting a week earlier.

Alderman Christian pointed to the value of having the games here. The event, he emphasized, would attract the widest type of publicity for this area, and in the best sense, since it would involve lake events of world-wide importance to sportsmen. It was "penny wise and pound foolish," he submitted, to balk at expense on such an undertaking, in token of what it would bring back to the city.

He found it impossible, he continued, to think that the council would hesitate to authorize so small a sum as \$250 in merely preliminary study, and stressed that many times that sum had been lost in "mistakes" by the council on many operations over the past year alone. "We have to spend a little to place this city where it belongs,"

he declared.
"No place ever got anywhere that didn't get up on its hind legs and do a little work for itself," added Mayor Rathbun, in the previous week's meeting.

But the reason the resolution was left on the table, at the earlier meeting, was because certain council members did not know "what lay ahead."

They wanted information as to what "the city was getting into." Would it mean many liabilities and responsibilities? This was the question that was pressed by Alderman Titchmarsh, head of the finance committee, and by Alderman Haddleton in particular.

TO THE BEST CENTRE
"I admire Alderman Christian's drive in this matter," stated Alderman Titchmarsh, "and I know what he's doing is, in his mind, for the good of the city. But I'm rather inclined to the view that these games will go to the best centre, in the officials' mind, and that no importing will really decide it."

He said he preferred to wait to see what it all meant, before putting the city's treasury at stake.

"After all, I rather doubt if this is really within our sphere of government and responsibility," he concluded.

The resolution was tabled a week, pending Mayor Rathbun's trip to the coast, when it was expected that he would gain certain information.

At Monday night's council meeting, His Worship said that he had contacted the games committee and had learned that Burnaby Lake was the first choice of that committee. But placing that water in shape for the project would mean an outlay of as much as \$450,000.

The sculling and rowing events, it was hoped, would yield a profit of \$20,000, with \$10,000 being estimated as the cost of staging them on two afternoons. This would necessitate income of \$30,000, which might be obtained by sales of 7,500 tickets at \$4. Some 120 people would have to have accommodation as directly participant in the games events either as competitors or closely involved.

This was "enough" for Alderman Haddleton.

"I too appreciate the drive shown by Alderman Christian," he said. "He's out for the good of the city, in one sense. But the mark explained to me is altogether too high a one to meet. I can't see us ever getting any \$30,000 at \$4 tickets. This is definitely not city business, to risk a venture like this."

Alderman Christian, who still intends to be in Vancouver on September 8, along with H. S. Kenyon, to make certain representations to the games officials, said he does not agree with the data as submitted.

"Those officials will have to scale everything into reality before those games are held," he declared.

A PLEA
To the council he offered a plan: "Don't close the door on this trifling sum as suggested in the resolution, and in effect say we're not interested."

He said that he disagreed with those who held that it wasn't council business to go into such a thing. "I feel that it's very much council business to build up this city, and if the council isn't interested in such building up, who else could possibly be?"

He also pointed out that the holding of the north-west championships here in the latter part of September would "give us a big boost."

But when the vote was taken only the mayor and another alderman supported him, and the motion, establishing \$250 for the preliminary costs, was lost.

Truck Thief Tries To Enter Herald Office —The Hard Way

An auto thief's joy ride was of brief duration in the early hours of Saturday morning last week.

The ride started at the parking lot close to the Herald office and ended when the driver piled the stolen truck into the side of the building tearing away the stucco and woodwork.

Then the thief abandoned the vehicle and made off before the night man working in the Herald building could identify him.

Penticton Should Fight To Gain Reputation As Aquatic Centre

Vancouver is prepared to spend \$200,000 to get the British Empire Games at the coast in 1954. . . . Penticton City Council has rejected a motion to spend \$250 to get the games rowing events here.

This comparison was made by Alderman Frank C. Christian in an address the city Kiwanis Club Tuesday when he urged that this city should work hard to promote interest in aquatic events here and to make Penticton a rowing centre.

"I feel that aquatic events have been neglected here," he declared. "Something should be done to revive interest in the sport on a regular basis. There are great opportunities in Penticton. Few facilities are required for such events," he emphasized.

As an opening gun in what should be a long term campaign, the Teen Town building on Lakeshore drive should be removed. "It is an eyesore—a blot," he stated. "The sooner it is removed, the better."

Need for a refuge for small boats was stressed by the speaker.

HARBOR HERE
I have discussed the possibilities of a harbor here with people interested in rowing and sculling. Suggestions advanced included the use of the old Okanagan river channel when the new one is cut. It is believed that a dyke could be constructed at the north end to form a lagoon where boats could be moored.

"The river channel at Skaha Lake could be used. East of Skaha Lake the city owns four lots in which could be cut a 200 foot channel where boats could be harbored," he suggested.

"Now is the time, while the city is growing, to look ahead. If we had a harbor we could create more interest in the aquatic sports," Alderman Christian explained.

"We should try to encourage the development of the sport here. We should make proper use of our lakes, in order to attract tourists. Many of the people who have invested money and who have created payrolls here first saw Penticton when they were tourists."

"I feel that City Council is not cognizant of the opportunities here. I realize that the city department cost money to run, but I also think that council should try to promote the city. By that I do not suggest that council go off half cocked spending money."

"The amount involved should be in proper perspective," he said. Proof that the lakes here are suitable for rowing events was shown in Alderman Christian's statement about the rowing meet to be held here September 20.

OARSMEN IMPRESSED
"Visiting oarsmen are impressed with Skaha Lake as the site for rowing events. The lake would be adequate for the British Empire Games rowing events and we should do our best to get them here."

The speaker explained that the city at Vancouver is prepared to spend \$200,000 in order to have the British Empire games rowing events staged on coast waters and he continued "here in Penticton, council passed a motion approving in principle the idea of having the rowing events here for the appointment of a committee authorized to spend up to \$250 trying to have the games staged at Penticton was rejected."

"There is a directors' meeting in Vancouver in September and I think Penticton should be represented there. Whether we get them here or not we should put up a fight."

"We should not close the doors to the rowing events, but should have a delegation discuss the possibilities of having the competitions here and to try and come to some financial arrangement."

"That \$250 would have been well spent on an effort to bring the Empire Games rowing to Penticton. I think we should all do what we can to encourage rowing here," Alderman Christian concluded.

Confusion Over Beautification Of Rotary Park

The parks board and Rotary Club, it would appear, do not quite see eye to eye on using \$10,000 in the will of the late H. J. Parham for beautification of Rotary Park, at the lakeshore.

The board, in a letter to council read at Monday night's meeting, is suggesting an illuminated fountain, centering the park, as in the spirit and intent of the will, which suggested beautification.

The Rotary Club, asked for its suggestion, has asked that a plan of asphaltic walks be completed. Council deferred discussion of the question, pending clarification of the suggestions made, and a possible "getting together" on the proposal.

SUBDIVIDES LOT

An application by C. L. Sharp to subdivide lot 113, map 333, his property on Lakeside Road, has been referred by the council, before whom the matter was presented at Monday night's meeting, to the town planning commission.

Funeral Services For W. F. Brind Of Summerland

Funeral services were conducted Monday at Summerland for William Frank Brind, aged 72, who died in the Summerland Hospital last Friday.

Mrs. Brind is survived by two brothers, John of Vancouver and F. C. Brind of Chilliwack. Services were conducted from St. Stephen's Anglican Church, the Rev. Canon F. V. Harrison officiating.

Interment was made in the Summerland Anglican Cemetery, Rose-lawn Funeral Home was in charge of arrangements.

IOOF Bursaries Awarded To Three Okanagan Students

Three applicants from the Okanagan Valley were successful winners of the bursaries sponsored by the Independent Order of Oddfellows for the June high school examinations.

Glen Howard, of Kelowna, was the winner of the \$200 bursary and Barbara J. Haner, of Vernon, and Margaret E. Kneale, of Enderby, were each awarded \$100 IOOF bursaries.

Fourteen awards were made and students from all parts of the province wrote for the bursaries. The F. J. Symth Memorial Bursary was awarded to Ralph S. Lewis, of Nelson.

Not Entirely A Pleasure Trip

You Needn't Tilt A Teacup When You Pour

By TED GASKELL
When Peach Festival time rolls around next year the ladies' auxiliary and the various committees may find themselves usurped by the Penticton Lions Club.

The club members moved into that hitherto exclusively feminine circle last Saturday when they held a very successful afternoon tea in aid of Lions charities and the members convened, poured, presided at the tea hour, greeted at cetera—all in approved society page fashion.

Once the service club men overcame that forgivable urge to tilt the teacups as they poured (it took some of them quite a while to realize that tea does not readily form a "head") everything went off quite well.

However, the tea, if the expression may be used, was not all beer and skittles.

There was the little matter of the blown fuses (the electrical kind) when too many hot plates were used; in the early part of the afternoon a few tea leaves were seen floating on the cups and because no water was laid on the Lions had to pack the stuff in pails from another building.

These little difficulties overcome, the boys went to work in fine style. The guests admitted that the club put on an excellent show but it was obvious, when a couple of stories leaked out, that the boys still have a few things to learn.

For example, one of the club members, serving sandwiches, was told by a guest that the bread was hard. That was true, he discovered, but only on one side.

So by the simple expedient of turning the sandwiches over he was able to serve fresh bread to the next guest.

It's doubtful if the ladies do that sort of thing.

So if the Lions or any other service club wants to help out at the social functions at next year's Peach Festival a little practice or study would not go amiss in the meantime.

A few hints will not be out of place to those who might think a tea is the same as any other social function.

For instance guests must be sought out and enquiries should be made after their wants.

No one at a tea which is worth calling a tea would dream of raising one hand and calling out "same again, Mac" or "make it six this time."

Even though the ladies seem very quiet and there is no hint of ribald laughter don't think they are bored. You'll only disgrace yourself and the club if you tell that story you heard at the meeting last week.

Always ask if your guest wants cream and sugar. Don't say "with mixer or straight?"

The ladies will know when to leave. When the affair is drawing to a close, leave the exodus to their good taste. Cries of "last round" or "that's it for tonight" should be left to the boys in the white aprons.

If some one relieves you at the hot water jug or the sandwich plates, mingle with the guests. Chat about the weather, the peach festival—there are hundreds of innocuous subjects. Have lots of small talk ready. Don't start looking for the dice game or the poker session.

And above all—women are very touchy on the subject of dresses and hats. If you want to pay a compliment (or even if you don't) say "your hat is charming" is quite enough. Don't think you're being bright by saying, "Say, that's a swell lid. I saw one just like it on special at \$3.00. Pretty good bargain, hey?"

And if you want to know why you shouldn't say that sort of thing, try saying it to your boss's wife next time you see her.

Canada's 16 privately owned commercial banks have 3,700 branches throughout the country.

Works Minister Won't Tolerate Profiteering

British Columbia's Social Credit government will not tolerate any attempts on the part of speculators to make "fast money" through the buying and selling of land designated for government projects.

This was made clear by the Hon. P. A. Gagliardi, minister of public works, when he visited Penticton Friday as part of his B.C. tour on which he discussed public works projects with civic officials.

Asked by a Herald reporter if he was prepared to say whether the new west side highway would be routed along Westminster avenue or Richard avenue the minister replied, "no. We may have to buy property and we do not want any speculators buying first then trying to resell at a profit" and he added "if the price of any property should appear excessive we shall go straight to arbitration. We won't tolerate any attempts to profiteer."

The minister met City Council Friday morning to discuss bridges which will be built in conjunction with the Okanagan flood control project, tenders for which are being opened today.

Leaving Penticton, Mr. Gagliardi continued his tour through Kelowna, Vernon and Kamloops. He planned to return to Victoria via northern B.C.

THE HON. P. A. GAGLIARDI

Last Rites For Owner Of City Jewelry Store

Donald A. Lange, 43, died early Monday morning in Kelowna, from injuries received following a fall at his temporary home there on the previous day.

Mr. Lange was a well-known business man, the owner of six jewelry stores in the province, including one in Penticton, which was opened in 1948.

Three Exhibition Prizes Are Still To Be Collected

Three door prizes, drawn for at the Rotary club's industrial exhibition held during the Peach Festival, are still unclaimed and are being held.

Because the address stubs were retained on tickets with numbers 2511, 6296 and 8749 Rotary officials have no means of identifying the holders.

Prizes to be claimed on the three tickets are respectively: a food hamper from Safeway, a box of chocolates from Pauline's and a hot plate from the Penticton Propane Gas company.

Winners are asked to contact C. W. Lintott at 328 Norton Street, Penticton.

Exhibition officials also wish to point out that the names of donors were transposed in the list issued by the committee last week. The shaver was donated by Cliff Greyell and the radio by McKenzie, White and Dunsmuir.

Council Authorizes \$2,000 For Repair Of Dam Outlet Pipe

A sum of \$2,000 has been authorized by the council for repair work to the outlet pipe at the No. 1 Penticton dam.

Monday night's council meeting was featured by the showing of a number of "on the spot" pictures taken on the preceding Friday by Alderman Hunt, who made an inspection trip accompanied by Alderman Phillips, chairman of the irrigation committee. The engineer, Paul Walker, and others, had made earlier inspections.

The outlet pipe is badly deteriorated, and there has obviously been a lot of leakage.

Discussion indicated that the repairs will probably take the form of a somewhat smaller pipe put inside the old one, with cement forced in under pressure in the intervening space.

Ownership Of City Dress Store Changes

T. Gibson, of Vancouver, assumed ownership of the Penticton T-M Shop this week following purchase of the business from Mrs. Walter McDonald.

Mr. Gibson is a former B.C. representative of Harvey Woods Ltd. Mrs. McDonald has also sold her Kelowna store but has retained her interest in the Vernon shop.

The T-M store was established in Penticton in 1945.

Funeral Services For Mrs. Knight Of Summerland

Funeral services were conducted from St. Stephen's Anglican Church West Summerland Tuesday for Mrs. Isabel Knight, 82, who died in the Penticton Hospital last Saturday.

Mrs. Knight, who lived in Lethbridge and Manitoba before she

moved to Summerland four years ago, is survived by her daughter, Mrs. R. M. White, of Summerland. She is also survived by three brothers: Edwy Vane, Harry Vane and Cecil Vane, and a daughter, Mrs. Minnie Brandon. All are residents of Manitoba.

The Rev. Canon F. V. Harrison officiated at the services. Interment was made in the family plot, Peach Orchard Cemetery, Penticton. Funeral Chapel was in charge of arrangements.

ELECTRIC SERVICE

Today's home, wired for more
electrical gadgets than Edison ever
dreamed of, offers a real challenge
to the designer who is eager to
combine safety with comfort and
convenience.

The old system of simply instal-
ling "plenty of outlets" in every
room does not fit with modern de-
sign or construction.

Instead, each fixture should be
located with a special purpose in
mind.

BUILDING or REMODELLING?

Your Floor covering prob-
lems can be solved by con-
sulting Leslies for all types
of Inlaid and Printed Lin-
oleum.

In addition to a full stock of
patterns, laying equipment is
available for use free of charge
or we can arrange to have this
done for you.

DESIGN 411—A pleasing exterior appearance and a roomy, well-planned interior have been achieved in this four-bedroom home with attached garage, designed by architect M. G. DIXON, of Ottawa. The large living-dining area occupies almost the entire front section of the house and allows for a variety of furniture arrangements and decorative schemes. The exterior dimensions of the house are 31'8" by 25'4" and the area is 1,310 square feet, exclusive of garage. The cubic measure is 18,850 cubic feet, exclusive of garage. Working drawings may be obtained from Central Mortgage and Housing Corporation at a minimum cost.

NHA Loan Will Finance Up To 80 Percent Of Agreed Building Costs

This is the third in a series of ten articles which will appear from week to week on this page.

Contemplating building a house can be akin to living in a dream world — until the moment the prospective home-owner is faced with the problem of financing the project. It is then that hopes and plans are put on a business basis.

Many home-owners have found the facilities of the National Housing Act useful at this time. An NHA loan provides financial assistance which may be as high as 80% of the estimated cost of the house and land. However, if you are proposing to borrow money it is well to remember that annual mortgage payments plus taxes and insurance should not exceed 23% of your gross annual income.

A system of joint loans entered into by the Crown company, Central Mortgage and Housing Corporation, and approved lending institutions is the method used to provide financial aid under the NHA. They are called joint loans because 75% of the money is furnished by a lending institution (approved life insurance and trust and loan companies) and the remaining 25% by CMHC. A list of approved lending institutions is available from any office of CMHC.

SUBMIT DETAILS
However, you are not required to deal with two organizations to obtain a loan. You apply for a loan through the lending company you select and they forward the necessary forms to CMHC for approval. Completion of a preliminary questionnaire form is the first step and three copies of this form are required. It gives the lending company general information, an outline of your proposed building plans and the amount of loan requested.

If your proposal seems satisfactory you will receive a Borrower's Application for loan from which, when completed, should be returned to the lending institution. Full details of your lot, the plans and specifications of the house and a breakdown of the cost of construction must be submitted.

If your loan application is approved you will be informed in writing by the lending institution and the way is then clear for you to start construction. You must own the lot before construction is started and building operations must be underway not later than three months after the date of loan approval.

No application for a loan can be approved where work has proceeded beyond the bare excavation stage.
\$13,200 MAXIMUM
If the total estimated cost to the home-owner does not exceed the corporation's lending value, the loan will be made on an 80% basis with a maximum of \$10,000 for a one-family dwelling and \$13,200 for a duplex. If the total estimated cost exceeds the corporation's lending value, the loan is made on a 66 2/3% basis with a maximum of \$8,500 for a one-family dwelling and \$11,000 for a duplex.

Loans are repayable in equal monthly instalments covering principal, interest and one-twelfth of the estimated annual municipal taxes. They are usually made for a period of 20 years and the interest rate is 5% per annum, calculated semi-annually.

Monthly payments of principal and interest for each \$1,000 of loan are approximately \$6.57 for 20 years, \$6.82 for 25 years and \$5.34 for 30 years.

Certain standards of construc-

VLA Advises...

By T. H. GARSIDE—VLA
Construction Supervisor

In new home planning the site for your house is the first step that must be taken and investigated before being finally selected. This, of course, has already been done by a number of local veterans who have chosen property on the Penticton West Bench.

Let us now consider the site selected and, everybody happy with the property which they have chosen, and talk a little about the most important and troublesome problem of choosing the right house design. Before considering any particular design a careful assessment of the family's present and future room requirements should be made. Since cost is generally an important consideration, a compromise on space may be necessary in the interest of economy.

The planning and building of a house is one of the most important and thrilling adventures in a family's life for it is the home that provides the background of family life and establishes its place in the community.

As such the homebuilder naturally seeks the best in a truly modern home, a home that fulfills specific requirements in satisfaction, convenience, durability and livability. As the cost of building today ranges in price far beyond the average person's capability, the VLA has devised a method whereby a veteran can build a home and make it quite livable and comfortable with the amount of money he may borrow under the act.

This is done by deleting such items as the walks and driveways, fireplaces, interior painting, kitchen cupboards, finish floors, interior doors, interior trim, sash balances, basement floor slab, finish electric, plumbing (except roughing in), and heating (except roughing in), from the contract which each veteran must sign before construction commences.

Of course, to allow these deletions, the floor area of the house must be governed. If these areas cannot meet your needs and a larger area is required, then completion of the house in every detail will be expected.

The areas for deletions are as follows:
One Storey House with Basement:
1. One bedroom, 800 sq. ft. A house of this type must be so designed to allow for future addition of two bedrooms. Plan submitted must show two bedroom addition. 2. Two bedrooms, 900 sq. ft. 3. Three bedrooms, 1000 sq. ft.

bedrooms, 900 sq. ft. 3. Three bedrooms, 1000 sq. ft.

One Storey House without Basement:
1. One bedroom, 900 sq. ft. This house must be designed to allow for a future addition of two bedrooms. 2. Two bedrooms, 1000 sq. ft. 3. Three bedrooms, 1100 sq. ft.

One and a Half Storey House with Basement:
1. One bedroom on the main floor, 900 sq. ft. 2. Two bedrooms on the main floor, 900 sq. ft.

One and a Half Storey House without Basement:
1. One bedroom on the main floor, 900 sq. ft. 2. Two bedrooms on the main floor, 1000 sq. ft.

You will note that areas for basementless houses are 100 square feet larger than for houses with a basement, this allows for a utility and storage room. It is sometimes very difficult to fit a design into an existing floor space. To allow for this difficulty a maximum excess of 25 sq. ft. floor space will be permitted in all designs.

Veterans who are now in the planning stage are again advised to consult the VLA office for preliminary approval before having the plan blueprinted.

PLAY TABLES

An old kitchen table with its legs cut down to a suitable height for children can make a sturdy play table. Asphalt tile can be cemented to the top to provide a durable finish easily cleaned.

Or an old door can be mounted on four 2x4s, sanded smooth. The top surface can be covered with plywood or hardwood to provide a smooth surface.

SAFETY MEASURE

Fastening short boards to the legs of a stepladder will prevent damage to polished floors. Cut sections of 1x4 boards and nail them to each ladder leg with two finishing nails, countersinking the nail heads with a nail-set. These pads also prevent a ladder from sinking into soft ground around a house when washing windows.

CLEANING CHROME

Chromium plate on faucets, drain controls, and other bathroom and kitchen fittings often loses its luster because of improper cleaning. Harsh abrasives or scouring powders should never be used on chromium. Soap and water, rinsed, and dried with a soft cloth are all that show two bedroom addition. 2. Two bedrooms, 900 sq. ft.

TWO-COLOR BLINDS

Two-color venetian blinds solve the problem of having decorative window blinds harmonize with the color scheme of a room and still present a uniform color on the outside of the house.

Metal venetian blinds are now available pre-finished in 10 colors for interiors with a neutral off-white for uniformity on the exterior. The color finish is a wax-impregnated plastic enamel on aluminum alloy.

An easy way to saw large sheets of pressed wood wallboard is to lean two 2x4s against a basement wall so that the cutting line lies between the supports. Fasten the panel at the top edge with C-clamps. As the saw progresses it will move freely without binding.

RADIO REPAIRS

Install Switches Without Re-wiring

Walking across a room in the dark to grope for an electric light switch has become as old fashioned as lighting a match to find the gas mantle.

A new device, easily adaptable in modernizing a house, permits switches to be installed where you enter a room and where you leave it, without involving expensive re-wiring.

This is a relay, about as big as a cigar stub, which fits into the knock-out box in the wall behind all light fixtures and outlets. Ordinary small "doorbell" wires, carrying such a weak current they can't shock a child, run from these relays to as many switches as you want.

A small transformer, similar to that used for doorbell, cuts down the current for the harmless wires at the switches. This current trips the relay, which turns on the full power at the light or outlet.

This complete set-up is called remote control wiring. Installation is relatively simple. Existing wiring at switches can still be used and additional switches can be installed any place.

SPAR VARNISH

Spur varnish gets its name from having been originally used to cover the spars of sailing vessels.

Interior Provincial Exhibition To Be "Best On Record" According To Perennial Fair Manager Mat Hassen

"Indications point to the best fair on record" stated Manager Mat Hassen when speaking of the forthcoming Interior Provincial Exhibition, to be held in Armstrong September 17 and 18. From an exhibit, educational and entertainment angle it will be the best all-round fair in B.C.'s interior.

Heading the executive slate of this "show window of the Interior" is G. D. "Paddy" Cameron, of Kelowna. Vice-presidents are W. T.

Cameron, Vernon; L. W. Wood, Armstrong; and F. W. Hack, Penticton. Mat Hassen is secretary-manager.

From division one through to division 12, thousands of classes offer the widest range of competition. Livestock plays a major role in the annual show. Top flight provincial dairy herds will be on hand, as well as the cream of the beef breeds.

The Mrs. A. O. Craster trophy and the A. W. Hunter trophy are keenly contested for each year in purebred Jersey classes; five hand-some silver trophies are contained in Ayrshire section with the High Hon. Earl of Stair trophy going to grand champion cow. Holstein-Friesian, Guernsey, Red Poll, and grade dairy cattle; plus Hereford, Shorthorn and Aberdeen-Angus combine to make this the largest cattle show in British Columbia. Swine, sheep, and poultry annually draw large entries.

FRUIT SHOW FINEST
The fruit show, in which the BCFGA shares sponsorship, looms as the finest on record. Featured in this section is the coveted "Better Fruit Trophy," donated by Buckerfield's Ltd., and for younger

orchardists the J. R. J. Stirling Memorial Trophy is awarded to "teenagers" for best three plates of tree fruits.

There is a special section for packing houses, Mc & Mc stores in Vernon and Kelowna have put up trophies for boxes of Wealthies and McIntoshes; while the W. A. C. Bennett trophy goes to the winner in Delicious. Perfect growing and coloring weather has assured fruit displays without comparison.

Provincial 4-H beef judging championship will be decided at the Armstrong Exhibition this year. Junior judges from all provincial points will compete for the highly sought "Toronto Trip."

Entertainment features will be the finest to date. Light horse

events will bring the Interior's cream of horse flesh to the grandstand oval in thrilling rides and jumps. Grandstand attractions are paced by artists of international reputation. "The Great Cepler Troupe," outstanding artists on the high wire, will provide spine-tingling thrills as they go through manœuvres of acrobatics and precision balancing acts without aid of safety net.

"Tubby and Spatz" will be co-featured in hilarious comedy routines and intricate gymnastic feats. A first class midway, bands, and all the "fun of the fair" have been arranged to make the Interior Provincial Exhibition the mecca for thousands of Okanagan Valley residents September 16, 17 and 18.

Dairy Farmers Of Canada Will Hold Vancouver Meeting

TORONTO — The eleventh annual meeting of Dairy Farmers of Canada, representing 400,000 producers, will be held at the Vancouver Hotel, January 20 to 24, 1953, Erle Kitchen, secretary - manager of the organization, announced recently. This will make the first time the national body has met in British Columbia. The meeting will bring to Vancouver leading dairy-men and dairy authorities as well as some 200 dairy organization officials and delegates from all parts of Canada.

CROWN PRINCE MUSSEIN, right, who was proclaimed King of Jordan August 11th to replace his ailing father, King Talal, left. Hussein presently is a student in England. King Talal, reported mentally ill for many months, succeeded to the Jordan throne a year ago following the assassination of his father, King Abdullah.

Tennessee Walking Horses To Be Featured At Gymkhana In Kelowna

KELOWNA — Two Tennessee walking horses will be featured at the fifth annual Okanagan Light Horse Improvement and Show Association Gymkhana to be held over the Labor Day week-end.

Owned by Leslie Tipton, of Penticton, they are the only Tennessee walking horses in Western Canada, and have been a major attraction at horse shows in other centres. According to people who have seen them, they walk at a terrific speed — about 15 miles an hour, without running.

Possibility of holding a gymkhana dance at the Aquatic Club to conclude Labor Day activities, is being considered. This will be confirmed at a later date if satisfactory arrangements can be made.

A record entry list is anticipated. Besides horses and riders coming from all the five Okanagan clubs, entries are expected from Osoyoos and possibly another American club.

The two-day event, staged at the Gaisachan Ranch on August 31, and at the Kelowna City Park on Labor Day, is organized by the OLHISA which embraces riding clubs in Enderby, Vernon, Kelowna, Penticton, and Oliver.

SPONSORED BY LIONS
For the third successive year, the show is being sponsored by the Kelowna Lions Club. Major portion of the revenue will go towards Lions charities.

When the OLHISA first was formed, it was the intention to hold the annual gymkhana at the five cities in rotation. But the show has been so well organized the past two years the decision was reversed and Kelowna selected again.

The two-day affair begins at Gaisachan Ranch the Sunday before Labor Day, where a collection will be taken to defray expenses. Starting times Sunday are 10 a.m. and 1:30 p.m.

Proceeding switch to the Athletic Oval on Labor Day, where an admission will be charged. Tickets are good for the whole day. Parades down Bernard avenue at 9:30 a.m. and 1 p.m. will usher in the day's performances. About 150 horses will be entered in the parade.

Lions gymkhana committee chairman, Stan Davies, reports that D. W. Samuel of Vancouver, has consented to act as judge. Show manager will be G. D. "Paddy" Cameron.

Jumping, musical chairs on horse back, basketball relay races and a cracker race for children on horseback will highlight the two-day show.

Toothbrushing should not become a hit-or-miss affair of brushing the teeth horizontally across or up-and-down. Both of these methods may actually prove harmful to the gums, as well as being useless in removing food particles. The teeth should be cleaned with a one-way stroke, by brushing the gums outward to the biting edge of the teeth.

Diseased Livestock Condemned At Vernon

VERNON — Within two weeks of its inauguration, the City of Vernon's meat inspection service has marked up its first success. A consignment of hogs brought into the local slaughterhouse by a farmer who wished to have them killed and sold for the retail market, were found in the post mortem examination to have been suffering from tuberculosis. The carcasses were condemned and ordered destroyed.

Health chairman Alderman Frank Teifer reported to the City Council last week that the new service was operating "very satisfactorily". As a result of the discovery of the diseased livestock, he said, the farmer's premises were to be inspected.

Outdoors with Cec Brett

Howard Clark was in early this week from his Fish Lake headquarters and reports that some fine catches were made in Monroe Lake over last week-end. One party took out their limit of 48 fish in a short time on Sunday. The best lure for that particular day was a black flat-fish with orange spots and most of the fish were caught in the forenoon.

Howard says that Deer, Eneas and Island lakes are at their best in September, so that might be a good trip to plan for the opening of the hunting season.

Deer and grouse open on September 15 and those lucky people who can wangle Monday off should plan their week-end so that they can fish on Saturday and Sunday and hunt on their way home on Monday, the opening day. Grouse are plentiful again this year and the area above Fish Lake is as good as any for deer.

With the cooler weather coming along most of our favorite mountain lakes should start producing limit catches again. The seasonal surface hatch of flies is tapering off and nymph, shrimp and caddis-type flies are starting to get results. Fishermen who like to troll will find that a brass gang-troll is the best lure to use in the fall months or on a dull day. (I don't believe this, myself, but I have had so many people tell me it is so that I am beginning to waver.)

Last week I mentioned that I was going to the Kinsmen fishing party at Chute Lake. It was just like I thought it would be; the party was a huge success, but the fish remembered last year and stayed pretty close to the bottom.

Some of the boys forgot to bring their fishing tackle, but it didn't seem to matter much. Charlie Crawford was high man on Saturday with 10 fish and I believe he led the pack on Sunday too. I fished for a while on Sunday afternoon, but only managed to catch a couple. The fish weren't rising to the kind of flies I was using until I put on a white moth-and, apparently, caught the only two trout in the lake.

Junior Canucks Win First Game Of Semi Finals

The Penticton Canucks moved one game closer to the South Okanagan Junior Baseball League championship on Sunday afternoon when they trounced the pennant-winning Summerland Red Sox 11-8 on the latter team's home grounds.

Larry Jordan hurled the winner—a neat four hitter—to give the Canucks the jump in the best of three semi-final. Second game of the series goes Friday night under the lights at King's Park.

The winner of the Penticton Summerland series will meet the victor of the Kelowna-Oliver series. The Orchard City Chiefs took Oliver into camp in the first game of the other semi final with the second game to be played on Sunday at Oliver.

The Canucks faded in the home stretch in the penultimate game, but they came back with a vengeance on Sunday. While Jordan was holding the usually powerful Red Sox to four hits, the Canucks were clubbing starting pitcher Desjardins and three successors for a total of 10 hits.

Penticton opened the scoring with a singleton run in the initial inning and chased Desjardins from the mound in the third when a walk, a sacrifice and singles by Lloyd Burt, Charlie Baker and Don Garnett gave them three runs.

CHRISTIANE TOO — Christiane, came in, but had all the better luck as the Canucks came through with another three runs in the fifth. Three more runs in the seventh sent Christiane to the showers. Marchuk and Thompson pitched the final two innings between them and the Canucks collected another insurance marker in the ninth.

Jordan had things all his own way, giving up only one hit—a single to Bonhoux—until the eighth when a triple by Seigrist followed by a single by Bonhoux gave the Red Sox their first run. An error, two free passes and a three-bagger by Frere gave the

LES EDWARDS LEADS A'S INTO FINALS WITH SEVENTH INNING TWO RUN SINGLE

Veteran Cousins Pitches Oliver To 6-0 Win At Kamloops To Enter Finals

KAMLOOPS — Sunday's sudden death Okanagan Mainline Baseball League semi-finals between Kamloops Elks and Oliver Elks at Riverside Park proved to be the battle of mudders with the boys from Oliver coming through in top wet-weather form to produce a neat 6-0 victory over the Kamloops Club.

Harold Cousins received masterful support from his Oliver teammates and shacked the Kamloops water wings with two soggy singles while his buddies were busy collecting nine hits and six runs.

The Kamloops Elks were feeling in a very generous mood Sunday and aided Cousins and his cause by committing no less than seven errors. Old dependable Len Gatin, came up with a fair job on the Kamloops mound retiring ten via the strikeout route but his support on the field left much to be desired.

Paul Eisenhut received a free pass to first base in the third inning, compliments of Gatin, and proceeded to error his way home for Oliver's first run of the contest.

In the fifth frame Oliver's Frank Fritz got on first on an error by shortstop Billy MacDonald. Fritz then came home on a long drive by Harold Thompson to make the scoreboard read 2-0 for the Elks from Oliver.

COULTER HOMERS — Oliver's catcher Red Coulter grabbed hold of a Gatin offering in the sixth inning and belted the ball over the fence for the first and only round tripper of the day.

One more run was added in the eighth inning and two more in the ninth to clinch the semi-final tussle for Oliver who now meet Penticton in a two out of three game final for the Okanagan Mainline Championship.

Key Kamnishi and Billy MacDonald while Red Coulter, John Vandenberg and Don Coy picked up two hits each for Oliver.

VERNON INTERIOR CHAMPS
VERNON — Vernon Cardinals won the B.C. Interior Softball Championship last week-end, defeating Prince George Cheviots 7-3.

Cardinals will now meet a Coast aggregation for the B.C. Championship.

Speed Kings Will Be Here For Motorcycle Racing On Monday

Speedsters will be flat out for the B.C. motorcycle crown here Monday when the B.C. championships will be run off at Queen's Park.

Penticton, only city in B.C. with a half-mile track, and now the racing centre for Canadian Motorcycle Association events in this province, will see Trev. Dealey, defending track champion, fighting to retain his crown against a comparative newcomer to Canada, Bob Harrison, former Aldershot, England, dirt track star. Both men will ride BSA machines.

Winner will receive the Davies Cup, donated by Harold Davies of Penticton.

Other events include the Junior track championship. It is unlikely that any local riders will enter the track events. Most of the city enthusiasts confine their cycling activities to road racing and trials.

Naramata Cricketers Too Much For Trail

Trail cricketers proved no match for the Naramata eleven Sunday at Manitou Park when the visitors could score only 60 runs against the home team's 169 for two wickets. In the second innings of the friendly match Trail scored 40 for the loss of three batsmen.

The result was very different from that of the match played at the Smelter City in mid-June when the Naramata club had a hard time maintaining its unbeaten records with a 101-92 win.

In Sunday's game, Glass 44 not out, Conway 59 and Morgan 52 not out accounted for all except 14 of the Naramata total.

Highlight of the match was Morgan's, who scored five fours and one six in six consecutive balls off Houlden.

Only Trail batsman who reached double figures in the first innings was Houlden who scored 12. In Trail second innings Harkness with 10 was the star.

BOWLING for Naramata, Conway took two wickets for 13 runs; Gilling 4 for 18; Morgan 2 for 12 and Stanforth 1 for 6.

City Marksman Beats Rain To Draw

A shower of rain nearly spoiled Walt Cousins' chances of winning the City of Ottawa trophy when he was in the capital city recently representing B.C. in the inter-provincial shooting matches.

"I put my last shot into the target as the rain started to fall. If I'd taken my shot a few seconds later I wouldn't have been able to see the target," he told a Herald reporter.

The local marksman wasn't so lucky with the rain a few minutes later.

"It was a real deluge. By the time I got to the shack my clothes were soaked. I had just an hour to shower, change and pack before the truck came to take us into Ottawa from the ranges.

"When I got into Ottawa the clothes I had at the cleaners weren't ready so I had to get on board the train in an old suit. You can imagine how I felt when I got to Penticton and saw the people waiting for me," he declared.

Expert a marksman as Mr. Cousins is, he admits he learned a lot about shooting and range procedure when he was in the east.

A GREAT EXPERIENCE
"It was a great experience. Especially in the Tilton and Connaught shoots. In the Tilton there were 30 in the shack with perfect scores. One of the officials then came along and handed us one shot each. This continued until the winner was decided. The same thing

happened in the Connaught shoot when there were 34 in first place. "It can be quite nerve wracking with three or four hundred people watching. Especially when you can hear the sighs as the targets are hit," he recalled.

Convinced one day that there was something wrong with his gun when his carter wouldn't quite up to his usual standard, Mr. Cousins, immediately took his rifle to a gunsmith. "I don't see how you could possibly turn out scores like this if your gun was in perfect working order," said the expert.

The weapon was stripped down, the trouble located and that same afternoon Mr. Cousins scored 80 out of a possible hundred to win the City of Ottawa match.

Big Four League Teams Will Play Local Marauders

Preparations for the fall football season got underway this week with the home team Scarlet Marauders scheduled to begin workouts tonight at 7 p.m.

The Marauders held an organizational meeting Tuesday night to line up plans for the season. All boys who will be under 21 years of age as of September 1 and are interested in taking up the sport are invited to come out to the practice sessions.

The club received good news this week which will provide football fans here with plenty of colorful entertainment this fall.

The Marauders had applied to enter the Big Four League with the coast teams, and although their application was rejected the Big Four league officials have promised that each one of the four teams in the league will make a trip to Penticton for a Sunday game during the season.

If the Marauders show well in these contests then they will be given a chance to challenge the winner of the Big Four league for the B.C. championship.

Kelowna Chiefs Take First Game In Junior Semis

KELOWNA — Kelowna Chiefs, intent on successfully defending their last year's junior baseball championship, started out on the right foot Sunday when they defeated Oliver 10-6 here in the first game of the best-of-three semi-final. Second game will be in Oliver this Sunday.

Big Don Hickson started out for the Chiefs but he got into trouble in the sixth after catcher Radley of the Oliver squad hammered out a bases-empty homer. Coach Loren Gauley brought Lloyd Duggan in from right field to finish the game, Hickson going to the outfield.

A big four-run spurge in the third gave the Chiefs a lead they never fully relinquished, although the southerners pulled up even in the sixth.

Centerfielder Bastian and Radley paced the Oliver nine at the plate with three blows in five trips. Hummel Ito, batting second for the Chiefs, and playing a bang-up game at short, got on base five times, three times with safeties and twice on errors. He scored three runs.

Canadian and American hockey authorities have banned exhibition games and tours on the European continent by their teams. They have expressed their willingness to take part in world championships held overseas, but want expenses guaranteed.

Playing manager Les Edwards was the toast of the town on Sunday afternoon and his Penticton Athletics are in the finals for the Okanagan-Mainline League championship.

The A's were almost shunted to the sidelines by the Summerland Macs in a playoff thriller at King's Park, but the old maestro, always a dangerous man when the chips are down, came through with a two run, pinch hit single and big Sam Drossos followed with a three run double to give the A's a 5-1 victory and the right to meet Oliver in the finals.

The A's were down 1-0 and time was running out when the big break came. Southpaw Gil Jacobs, who had pitched superb ball, momentarily lost control in the seventh inning and walked Bud Russell. Aubrey Powell followed with a single and Ted Bowsfield waited it out for a walk to load the sacks and the stage was set.

With one away and Mac Collins a scratch hitter, coming up, Edwards gambled and went in himself to hit for Collins. With the huge crowd on its feet yelling for the rally, Edwards took one ball then smashed the next pitch into right field.

Big Ernie Rucks made a valiant attempt to get under it and almost pulled off a shoestring catch, but the ball went through for a single and Russell and Powell straked for home with the tying and the winning runs.

That was the pitch which broke Jacobs' heart. Ritchie Snyder drew another free ticket and the bases were loaded again when big Sam stepped up and belted out a double to score three more runs.

The game was playoff brand baseball all the way with Jacobs matching the A's ace Ted Bowsfield pitch for pitch. The near capacity crowd, several hundred of them loyal and loud Summerland supporters, enjoyed every minute of the struggle, cheering or jeering with every pitch.

BOWSFIELD TOPS
Edwards had to share some of the glory with Bowsfield. The young hurler tossed a neat four hitter and pulled off several smart fielding plays.

Bowsfield only threw one real bad one and that was to the Macs colorful catcher Frank Metcalf in the fourth. Metcalf caught it just right and the A's rightfielder Collins watched it sail over his head and out of the park for a bases-empty homer.

Defensively, the veteran Summerland backstop was the star of the game. For six innings he figured the Penticton sluggers perfectly and they only managed two singles. When the A's loaded the sacks in the third he engineered a clever double play to retire the side without damage.

The double play was the fielding gem of the game. With Bowsfield on third, Collins on second, and Snyder on first and one out, Doug Kilburn sent a hot grounder down the third base line. Chuck Atkins played the ball home to force Bowsfield. Metcalf, feinted, the throw to first then turned and rifled the ball back to Atkins at third to catch Collins off the bag for the double out.

The sensational catch of the contest was made by Summerland's tiny left fielder "Babe" Kyroda when he sprinted deep into foul territory to pull down Doug Kilburn's high fly.

A's Edged 6-5 By South Burnaby Nine In Exhibition Game

Les Edwards' A's got a bad one out of their system at King's Park on Saturday night when they ended up on the wrong end of a 6-5 score in an exhibition contest with the visiting South Burnaby Athletics.

The locals lost the game in the first three innings when their performance in the field left much to be desired and the Coast squad found the offerings of Johnny Apolzer much to their liking.

In the three and a third innings he pitched, starter Apolzer was nipped for six runs on five hits and two errors. Johnny just didn't have his stuff working and with catcher Kev O'Connell having a rough day behind the plate, the score could have been worse. Les Edwards came into the pitch with one out in the fourth and it was too bad he didn't start the game, because for the rest of the route he was unbeatable. He gave up only one hit—a single to Bill Kinder—and not one of the visitors got past second base while eight of them went down swinging.

SOME RAW CALLS
The A's sluggers were not up to their usual form and their style was further cramped by the calls of plate umpire Malone, some of which the players and the majority of the fans considered a little on the raw side.

Trailing 3-6, the A's came up with two runs in the fifth when Ritchie Snyder singled, Sam Drossos doubled him home and Grant Warwick singled to score Drossos, but that was the best they could do.

Al Booth was the winner although he needed help from Ken Spees in the sixth. Drossos with two for five and Bill Nicholson with two for three were the only A's who were at all consistent at the plate.

The Edwards men did look like they were going to come from behind with a rally in the ninth, but

UBC Offers Public Recreation Course

The University of British Columbia, in conjunction with the National Physical Fitness Council, has announced the inauguration of a new course in public recreation.

Twenty-five students already selected from ten provinces and the Yukon Territory will come to the University to study social and physical recreation organization and administration.

It is the first time in the history of Canada that a such a course has been designed and it is intended that the graduates, upon receiving their diplomas, will return to locations throughout the nation to aid in community recreation activities.

Five additional students will be added for the B.C. area. Those interested must have the necessary university entrance standing and may direct their inquiries to the department of university extension or the physical education department of the university.

ARCHERY MEET AT KAMLOOPS
KAMLOOPS — Kamloops is expected to host the largest gathering of archery fans yet seen in Interior B.C. when sharpshooters from all Interior cities meet here Sunday to test their skill in the Interior Archery Championship tournament.

The meet will be sponsored by the Sagebrush Field Archery Club of Kamloops and 75 archers are expected to compete in the arrow derby.

The livings of half-a-million Canadians depend on keeping Canada's forests green and growing. The heaviest loss through forest fires is the Canadian worker. Help to keep every acre of timber as an acre of wages.

No sir, each agent has his own ideas and these are based on the training he has received and the company he represents. Now take my company, the Sun Life of Canada. Their agents are given the most extensive possible training. They know what's best for you—what Sun Life policy or policies you may need to round out a balanced sort of estate which will either add materially to the blessings of your retirement years or protect your loved ones as you would wish them protected if you were not around to look after them.

You see how wrong my client was. I'd sure like the chance to prove these claims to you. Let me tailor your estate to fit your exact requirements. You'll be under no obligation so why not get in touch with me?

MARLENE STEWART, Ontario's 18-year-old wonder girl, successfully defended the Canadian Women's Closed golf championship and retained the coveted trophy which she won last summer. Marlene broke a four year record with a 54 hole medal score of 229, 8 strokes under ladies' par at the Mairfair course in Edmonton.

Sports Chatter

By E. J. (DAD) PALMER

GOLF

Last Sunday our outing to Omak was a most enjoyable affair. We were treated royally, as always is the case with those good cousins of ours to the South. The golf battle in the men's section was so close that it ended in a tie—while our ladies held us up by winning their matches. I regret not being able to give you the detailed scores and results of each match, but I had to start for home before all the players had finished their games.

"Dad" Palmer A word or two about that nice little six hole course they have down there. I saw a great improvement in the layout since last year. Evidently it is well watered, the fairways are in fine shape. You can play the ball "as it lies" (which after all is the correct way to play golf) all the way around and I didn't see a green anywhere the six that wasn't in excellent condition.

The only drawback I could see was the congestion and slow going caused by the big crowd that showed up and then all packed in onto the six holes, and three times around. Also due to the fact that some of the fairways run parallel back and forth there is the danger of players getting hit by balls from the next fairway that happen to be off line. Such was very nearly the case once or twice on Sunday.

When they get those extra three holes going that they are working on and make it a nine hole course, it will help to relieve a lot of that congestion. About 40 of our players, ladies and men, made the trip and really enjoyed themselves, too.

LADIES' GOLF SECTION
After taking things easy during those hot summer months—do you blame them?—the girls are resuming their activities, again with their Thursday afternoon field days—the first to be a week from today, September 4. Play will be for the Chart Nichol Cup and for hand-capped buttons medal play, 23 and under and 24 to 36 (handicaps—not age!!) Whoever heard of a woman who plays golf being 36?

The club championship went to Mrs. Betts (congratulations Pearl), and the runnerup was Mrs. Latimer (nice going and better luck

next time, Zella), and it must have been quite a battle as Zella took Pearl to the 19th hole, before admitting defeat. Can't think of a better place — the 19th hole — for a close golf match to wind up!

Our ladies are figuring on sending some players to Revelstoke for the Interior Championships on September 13 and 14, Saturday and Sunday. May good luck attend their pilgrimage. Also, they wish to extend to Roy Chapman of CKOK their thanks for the publicity he has given them on the air for their ladies days—so take a bow, Roy.

BASKETBALL
That was an interesting game Saturday night against South Burnaby, 6-5 for the visitors—that nice catch of Bud Russell's, in the top of the ninth being about the highlight.

I did not see the Sunday playoff game against Summerland—the one that really counted—being in Omak with the golf gang, but I want to say congratulations to our boys for coming through 5-1.

At the same time I don't get that idea at all—making a sudden-death affair of an important playoff game. It should be at least the best two out of three (and mind you, everybody I've spoken to about it, players and all, seem to agree with me.)

Anything can happen in a single game—the pitcher can be off, a leader who has played well all season can make his one bad throw that sends in two or three runs and bingo, there goes your ball game, and your team is out for the season. How does the pitcher, or the player who made the wild throw feel about it, knowing he let the whole team down? Pretty miserable I'd say.

And right now, how does a swell little team like Summerland, which played mighty good ball all season, feel like being on the outside after only one game.

I cannot understand the lack of business ability that the executive of the league are showing in this matter, any way you look at it. From the box-office end two out of three would pack the customers in and make it a success financially. From the spectators' point of view—the more the merrier—they like it, especially when the league can find time to arrange so many exhibitions that don't count for anything. And then the players' angle—for the very reasons I quoted above—a bad game in their system. I just can't see it.

HOCKEY
That Hockey Booster Club again. We had a small, and for a while, quite sultry meeting last Friday in the Elks club rooms, but we are getting along, and must keep pushing the sale of those membership tickets all we can between now and a week Friday, September 5, when we hold our big jamboree and dance in the arena.

There will also be a portion of the arena set aside for attractions such as bingo and other games of chance, something like the Peach Festival held outside the building. Ours will all be in the arena and under cover.

What I want to impress on the readers of this column is this — you buy a Hockey Booster ticket for one dollar. That entitles you to become a member of the Hockey Booster Club, gives you admission to the arena that night for the dance and other amusements. You cannot get in without your booster tickets—so all you married fellows don't dare to buy just one ticket. The wife won't stand for it, so buy two and get out and have a good time together.

Also you young squirts who trot around with those pretty girls whom we have by the dozen in this city of Penticton, just remember your best girl loves a chance to dance, so step up and buy a couple of booster tickets and have yourself a good time.

It's all for a good cause, folks. Your dollar goes to help hockey, of all varieties — the V's, commercial, juvenile and pee-wee—in your community.

Comparisons are odious, I know, but I have to bring before you what Vernon did along those lines

through their Hockey Booster Club. Their hockey club was \$7000 in the hole yet their Booster Club went out and raised \$5,000! Now we've got to admit that's nice going, but are we going to let Vernon put it over us like that. Surely what Vernon can do Penticton can do, but so far, our effort is not as good as theirs. Also, thank goodness, our indebtedness is no where as heavy as theirs, but still we are away short of our objective.

So it's up to yourselves, the public of Penticton. If you want a good Hockey team here this winter (and I think we all do) and want the game to go over big, you've got to support it all you can with your dough—and the best way you can do that is to buy all the Hockey Booster tickets you can afford between now and September 5. Next meeting, Elks Club, 8:30 p.m., Friday, August 29.

So please, BUY YOUR HOCKEY BOOSTER TICKETS NOW!!!

Oliver Wins Fourth Playoff Spot With 7-0 Shutout Over Kelowna

The Oliver Elks clinched the fourth and last playoff spot in the Okanagan-Mainline league when they handed the Kelowna Orioles a 7-0 drubbing at King's Park here on Thursday night of last week.

The Orchard City team showed none of the drive and spirit which brought them into contention for the loop crown and the victory was pretty easy sailing for the southern nine.

The shutout win went to lanky Eddie Steffen, but he needn't have worked so hard. While he was holding the Orioles to three scattered bingles, the Kelowna infield was booting the ball around for no less than 10 miscues.

That most of the cheers went to Oliver was no wonder considering that after a disastrous second inning the Kelowna nine obviously gave up the ghost and offered only token resistance.

LACKADAISICAL DISPLAY
While his fielders certainly weren't giving him the support he deserved, Wally Lesmeister's lackadaisical display on the mound and at the plate gave the fans the impression that he didn't care whether his team won or lost.

Oliver, on the other hand, gave Steffen near perfect support and hustled all the way. Paul Eisenhut at third and Bill Sibson at short were particularly outstanding in the hustle department.

Sibson also planted one out of the park in the third inning for a bases-empty home run. After that, Lesmeister quit trying and with his lukewarm support, the Elks got runners on in every inning but the seventh.

The win gives Oliver the right to meet the second place Kamloops Elks in one bracket of the sudden death semi-finals while the Penticton Athletics are playing off with the third place Summerland Macs in the other.

Sports Activity On All Fronts Over Long Labor Day Week-End

There will be activity on all sports fronts over the Labor Day week-end and sports fans will be able to pick and choose their entertainment.

Here in Penticton, the local baseball association will stage a two day tournament with teams from Kelowna, Rutland, Kamloops and Vancouver competing for the \$975 prize money. There will be one game on Sunday afternoon, a double header Monday afternoon and a Monday night final.

For those who like their sport with thrills and spills, there will be the B.C. Motorcycle Championships at Queen's Park on Monday. Members of the local Riding Club will be off to Kelowna to participate in the annual Okanagan Light Horse Improvement and Show Association Gymkhana, while tennis enthusiasts will travel to Vernon to participate in the Okanagan Valley net championships in the northern centre.

And for those who want to escape the crowds and excitement, the weatherman promises to co-operate for a week-end of golf, or fishing in this district's many lakes and streams.

Vernon Cricketers Beat Vancouver For Season's First Win

VERNON — Playing with little more than determination, the Vernon Legion XI came through with their first win of the season by defeating the visiting Vancouver cricket team last Thursday.

It was the first time that a Vancouver team has been defeated in the valley for at least ten years. Scores were — Vancouver 107 for seven wickets declared — Vernon 114 for three wickets.

FLAT-FOOTED COMRADES

Although flat feet are an unnatural part of human anatomy and cause a degree of suffering when put to much use, there are at least five native mammals of consequence that walk flat-footed without discomfort — the bear, including the Grizzly, Brown, Black and Polar varieties, the beaver, porcupine, skunk and racoon. A peculiarity of the tracks of these creatures is that they have the same general characteristics as would be impressed by ourselves, if we walked on all fours.

"It's Smart to Buy Your Fall Furnishings in August"

BRITISH JETS

Britain's six super-priority aircraft will be seen in flight at the Farnborough air show, September 1-7. The six are: the Vickers Valiant 4-jet bomber; the English Electric Canberra 2-jet medium bomber;

the Hawker Hunter and Supermarine Swift swept-wing, single-seat fighters; the delta-wing Gloster GA-5 Javelin, all-weather and night radar fighter; and the carrier-borne Fairey Gannet, the turboprop "submarine killer".

Slumping at the desk or work table is not only fatiguing but may also cause dangerous constriction of chest or stomach. Sitting upright, with the body well balanced, is much easier and will help prevent fatigue.

SOCRED POSITION IN B.C.

The following is written over my own name, and has no authority in connection with any office I hold in the Social Credit movement.

Social Credit has advanced in a short time from comparative obscurity, to a position where attention must be paid to it. No one can claim that the reasons for this are simple. Reasons seldom are simple in elections and in politics. There is too much of the human element mixed up in them. However, an analysis is offered here in the hope that it may help.

It is claimed that the Old Parties worked themselves out of office. In this connection, the B.C.S. the sales tax and the five years' drivers' license are mentioned. Among the thinking public, government through order in council was definitely a factor — something that our new Government would do well to remember. The public feel that the legislature, their chosen representatives, were by-passed. The resulting protest vote went to Social Credit. Why did not the older party, the CCF, reap the benefit of this protest vote?

The positive factor, which fired the imagination of the average B.C. voter, was undoubtedly the record of our neighbor Alberta. Against odds, the Alberta people kept loyal to a leadership which, errors not-

withstanding, kept after one aim and ideal. After a long struggle from scratch, they have a government which has accomplished much, still has the support of the people, and still aims to do what it intended to do from the start.

The situation in B.C. is more complex, and the party strength, is insufficient to go ahead, but the leadership promises to be as capable, if not more so, than what Alberta had to start with.

Another positive factor is the support Social Credit receives from a large number of church-goers, no matter what their faith, as long as the government stays honest and keeps the public informed. This is an answer to Mrs. Nancy Hodges, who claims that religion and politics do not mix. I wonder if she would also assert that heart and head have nothing to do with each other? The human factor is the largest single active force in any election. Is there any one who dares to assert that no one benefitted from election results in one way or another?

On the negative side, we need to look at the next largest party in the house. The CCF must have been badly disappointed. Their party has many clever leaders, their chief support comes from organized labor. They are considerate of the welfare of the individual. All of which makes for considerable inner strength. Their weakness lies in the

Evaluation Of Fruit Varieties Important Project Summerland

Ottawa — Variety testing of tree fruits is one of the more important projects at the Experimental Station, Summerland, B.C., as it is at many other experiment stations. A constant search is maintained, in published literature, by correspondence and by personal contact, for new varieties which may show promise for this area. These varieties may have originated as a result of breeding experiments by institutions or individuals, or they may have been discovered as chance seedlings or bud sports in a grower's orchard or on a city lot.

Where possible, says F. W. L. Keane, the station endeavors to check on the published or written description of a new variety by obtaining actual samples of the fruit for evaluation. A variety which appears promising may be brought to the station either as trees, scions or buds, and it is the aim to plant eventually at least two trees of a kind in the variety orchards. At the time of planting care is taken to ensure that trees of the most similar variety, and of fairly comparable age, are growing as near as possible to the new variety. This makes it easier, when the new sort comes into bearing, to evaluate its tree and fruit characteristics in comparison with a suitable check.

As fruit from trees just coming into bearing is not always typical of the variety, it is usually found advisable to wait until the second or third crop before systematically evaluating a new kind. When this time arrives, samples are brought into the laboratory, together with appropriate check samples of standard varieties. Storage methods differ according to the kind of fruit, varying from a few hours in the laboratory, in the case of cherries, to five months at 31 degrees F. in the case of late winter apples. Eventually, however, all samples are evaluated by a panel of two workers and are given point score ratings for all the important factors of appearance and quality. At the same time each variety is given a full written description.

Tests are continued year by year until it can be determined whether or not the variety has commercial promise. Our standard varieties, which have stood the test of time, have so many good features that it is difficult for a new variety to prove itself superior to them, but occasionally this does happen. The peaches Valiant, Vedette and Veteran, and the cherry Van, are examples of varieties which have passed successfully through the tests at this station and have found a place in commercial orchards.

fact that they desire to remedy all evils and wrongs by law. We need fewer and better laws. There are too many laws now. We need fewer and better civil servants.

When it becomes clear that Social Credit can take care of the individual in a simpler and more direct way than through the intricate rulings of a complex system of laws, it is bound to attract greater support from labor. Social Credit appeals to the individual, and looks for the closest link between the individual and the State. May that remain so!

SCHOOL OPENING TUESDAY, SEPT. 2, 1952 Elementary Schools

CARMI ROAD SCHOOL:

Pupils, Grade 1-5 inclusive, who live on, or south of, Douglas, Calgary, and Penticton Avenues. Note: Grade 6 pupils in this area report to the Jermyn Ave. school.

PRIMARY SCHOOLS:

Pupils, Grade 1-3 inclusive, who live in the North Half of the city report here.

JERMYN AVE. SCHOOLS:

Pupils, Grades 4 and 5, who live in the North Half of the city. Pupils, Grade 6, from all over the city report here.

8:30 Registration of Beginners and New Arrivals in Penticton.
9:00 Roll Call for All Students.
10:45 Buses leave for home.
11:00 Staff Meetings in all schools.

CAFETERIA SERVICE

Opens on Wednesday, Sept. 3rd, for all students both at High School Cafeteria and the Carmi Road School. Lunch tickets \$1.30 for week and beverage tickets at 30c for the week will be available.

Junior-Senior High School (Grades 7 to 13 inclusive)

9:00 Assembly of all Grades 7, 8 and 9 students in School Gym.
Assembly of Grade 10, 11, 12 and 13 students in Auditorium.
Every student who will be attending should be present at these assemblies.
10:00 Home-room Period (Students will require pencils).
11:30 Buses leave for home. (No afternoon classes).
1:30 Staff Meeting, Library, Senior High Building.

NOTE: All classes in the Penticton Junior-Senior High School will commence at the beginning of the term. Authority for the release of students to assist with farm work during September and October has not been given by the Department of Education. Academic standing depends very largely on regular attendance. It is very important, therefore, that all students commence studies at the beginning of the term.

SPECIAL NOTE

The Principal will be at the Senior High building from 9 to 5 on Friday, August 29th, for the purpose of registering students in Grades 7 to 13 inclusive who are new arrivals to Penticton. All such students should register on this day if they have not already done so. Please bring your last report cards with you.

PENTICTON SCHOOL BOARD

SCHOOL WILL NOT start until Tuesday for over 900 students who have registered for the senior and junior high schools here, but for H. D. Pritchard, principal, and secretary Miss Betty Moog, organizational work has been going on for weeks. The above picture shows the principal and his secretary making a final check of the individual class curriculums against the master plan.

New Teachers For Elementary Schools Here

Teacher exchange plan between Britain and Canada will effect the staffs of the Penticton elementary schools this year.

Miss Elizabeth Sutherland, who spent last year in Glasgow, will return to her grade five students and her replacement, Miss Sheila McCorkindale, will return to Scotland.

Mrs. M. Adams, grade four teacher, will go to England as exchange teacher for Mr. Wolfenden, who will teach grade four at the Jermyn Avenue school.

A new grade six class at Jermyn Avenue will be taught by D. MacDonald. This year that school will have five classes instead of four.

Mrs. B. I. Spout will replace Miss N. Cambray, who will move to grade four, in grade three at the primary school and Miss F. E. Alton will teach grade one in place of Miss H. Young.

Miss E. Richardson's place with grade three students is taken by Miss J. Priesen. Miss N. Woods will teach at the primary school in place of Miss A. Hill.

At the Carmi road school Mrs. H. King will teach grades three and two in place of Miss A. Priesen. Miss O. Mason will teach grade one in place of Miss J. Stewart and Miss E. Vay is replaced by Miss S. Spain.

Canada's national income and the value of goods and services during 1951 totalled \$21,200,000,000, a record.

Over 2,000 Students To Start Classes Tuesday

Students Will Leave Orchards This Week-End

Between 80 and 100 students will leave local orchards this week-end preparatory to returning to school Tuesday.

According to H. K. Whimster, farm placement officer here, students will not be called upon to work in the orchards.

"We are replacing those who are leaving as fast as we can," he declared. "We are adverse to taking pupils out of school except in the case of emergency."

Penticton Teacher Studying French At University Of Paris

With the exception of one teacher who is on leave of absence taking a course in French at the University of Paris, Penticton's high school staff is unchanged from last year.

In Europe is Miss M. Pallot, who left Penticton when school closed for the summer holidays. Miss Pallot will not return until the start of school next year.

No replacement for her has been appointed.

New High School Students Must Register Tomorrow

Newcomers to the Penticton school district who plan to attend high school here must register tomorrow afternoon.

High school principal H. D. Pritchard will be in the school building from 9 a.m. to 5 p.m. in order to supervise registrations of pupils of grades seven to thirteen inclusive.

Students not already registered are requested to attend tomorrow and to bring report cards from their previous schools.

About 2,100 students are expected to take their places when Penticton schools open for the new term Tuesday.

More than 900 are expected to be enrolled for the junior high and senior high schools and about 1,200 for the elementary schools.

Many pupils will be seeing public school for the first time. So far, 220 children have registered and more are expected to be before school opens.

Registrations at the Carmi road schools total 290; the primary schools, 450 and Jermyn Avenue, 460.

NEW COURSES

Students returning to high school will find some changes in the curriculum. Social studies, which includes Canadian history, is now compulsory. There is also a new course in economics which is optional.

About 20 students are expected to study for senior matriculation honors this year and H. D. Pritchard, high school principal, has high hopes for them all. "They are high calibre pupils," he said.

Cost of the course is \$20 for each

of the five subjects. Students from outside the Penticton school district will be charged a fee of \$25 for each subject.

Three compulsory subjects are included in the course. They are mathematics, English and one foreign language. Two other subjects must be chosen from chemistry, physics, biology or Canadian history.

ENROLL EARLY

Students wishing to take the matriculation course should enroll as early as possible, Mr. Pritchard advises. "Last day for registration is September 30, but we would like to see all enrolled well before that date," he said.

Several former high school students will attend university this fall. Others are going on to normal school and some to other institutions of higher learning.

City Students Can Rent Textbooks

Penticton school students may again rent books for a nominal fee under a department of education plan instituted three years ago to spare parents the expense of purchasing new publications.

Under the plan, savings of up to \$20 may be effected.

Rental fee for books is \$3.50 for grades seven, eight and nine and for grades ten to thirteen inclusive, rental fee is \$4.

Text books may be obtained Wednesday morning, in the Junior and senior high schools and parents are requested to see that the students are in possession of the rental fees.

Receipts will be issued to students borrowing books in order that, in the event of their leaving for other centres, new sets of books may be issued without additional charges.

Ogo Returns Home? Visits O.K. Landing

VERNON — Ogoogo has returned home.

Fresh from cavorting around the lake at more southerly points, Ogoogo made a leisurely appearance last Friday at Okanagan Landing, where a group of people who were swimming and bathing stated positively they saw him a short distance from the shore, located in front of the residential section, near the former Major Allan Brooks' property.

Mrs. George Cowan and her daughter, Miss Claudette Cowan, of Yakima, Wash., who are visiting relatives at Okanagan Landing; Miss Betty Russell, Mr. and Mrs. George Turner, of Victoria, and Miss Betty Crossland, of Vancouver, all saw the monster.

Mrs. Cowan stated that Ogo's "three huge humps" were distinctly visible. His tail, she added, was "thrashing around".

"I have always laughed when told that people had seen Ogoogo, but I cannot dispute the evidence of my own eyes," she said.

Less than 70 years ago aluminum sold for \$8 a pound. Currently, due to research and increased production, it is about 18 cents.

Less Noise: CPR To Use Diesel Engine

Some relief from noise in the lakeshore area, arising from switch engine operations, may be in store for Penticton. Such was the comment of Mayor W. A. Rathbun at Monday night's council meeting. He said that in an interview with a high-ranking CPR executive, he had been told that a diesel engine might be employed in such work in Penticton.

Mrs. Ted Husing Puts On Blue Bonnet For Big Events!

Mrs. Ted Husing, wife of the famous sports announcer, says: "Blue Bonnet Margarine is the all-time favorite with my family! You, too, will love the delicate sunny-sweet flavor DE LUXE BLUE BONNET adds to bread, vegetables, or any food! And what convenience! Four individually-wrapped golden-yellow quarter pounds make it easier and smarter to serve and to cook with, keep it fresher, too. Enjoy the exclusive DE LUXE quality of DE LUXE BLUE BONNET Margarine. Look for the DE LUXE yellow package with 'Blue Bonnet Sue' on the front. You'll get the most delicious spread ever and save on your food bills!"

How Can I Start An Investment Programme?

By Planned Savings Through Life Insurance.

The basis of an investment plan in most cases should be life insurance. It meets in a sound and regular way the real objectives of investment — savings for the future, a retirement income and money for your family should anything happen to you. What is more, life insurance achieves these ends economically and without worry or risk. Discuss with a Mutual Life of Canada representative a life insurance investment plan for your future.

Naramata Gardeners Win Major Awards At Flower Show

KELOWNA—Summerland and Naramata gardeners captured the major awards at the second annual Okanagan Valley Horticultural Society flower show held here last Saturday.

With a record entry list of 418 exhibits, the show was one of the most outstanding ever held in the interior. Total of 92 exhibitors competed in the 64 classes for nine challenge cups. Judges were H. H. Evans, retired district horticulturist from Vernon; Nat May, head gardener at the Summerland Experimental Station; I. C. Carne, district horticulturist at Salmon Arm, and Don Allan, of Penticton.

Mrs. J. J. Ladd, wife of Kelowna's chief magistrate, presented the trophies Saturday afternoon.

Trophy winners were: Federal Department of Agriculture, Summerland, W. G. Snow, Summerland.

Occidental Fruit Co. Ltd., K. McKay, Naramata.

Kelowna Horticultural Society Cup, R. M. White, Summerland.

Summerland Horticultural Society Cup, W. G. Snow, Summerland.

Vernon Horticultural Society Cup, E. H. Bennett, Summerland.

CKOV Challenge Cup, E. H. Bennett, Summerland.

Morrice Middleton Memorial Trophy, K. McKay, Naramata.

Penticton and District Horticultural Society Cup, awarded to exhibitor winning most seconds in the show, K. McKay, Naramata.

BEAUTIFUL DISPLAY

While much in competition, most attractive was a beautiful "Welcome Visitors" exhibit of colorful dahlias and gladioli. Mounted on a background of black, the contrasting white and red and yellow blooms were spread out approximately five feet long and six feet wide.

The display was created by Mrs. A. J. Jockson and son, Gerard Jockson, who came to Canada from Holland three years ago.

PRIZE WINNERS

Six commercial growers also entered displays in the show.

Following is the list of prize winners:

Class 1, annuals, four kinds named, four containers — W. G. Snow, Summerland, Mrs. A. F. Painter, R. Beasley, Federal Department of Agriculture Cup.

Class 2, asters, four colors, three blooms each, four containers — K. McKay (Naramata), Mrs. W. Jolley, Mrs. G. Haug, Occidental Fruit Company Cup.

Class 3, asters, double, six blooms any color or colors, one container — K. McKay, P. I. Crossley, Mrs. G. Athans.

Class 4, asters, single, six blooms any color or colors, one container — V. G. Cottle.

Class 5, asters, any variety, three blooms any color or colors, one container — Mrs. J. Ladd, Mrs. G. Athans.

Class 6, basket of asters, decorative, Mrs. G. C. Oswell, S. Weeks, Mrs. R. Barber.

Class 7, begonias, tuberous, one bloom any color or type, one container — Joe Paret, Mrs. W. Anderson, K. McKay.

Class 8, begonias, tuberous, one bloom any color or type, one container, Rev. F. J. Jansen, Mrs. W. Anderson, Mrs. F. J. Matthews, Kamloops.

Class 9, calendula, bowl — Mrs. A. F. Painter, Mrs. T. Beasley, K. McKay.

Class 10, carnations, six blooms, six stems, (disbudded) outdoor type, one container — Mrs. J. Bauer, Mrs. M. J. dePuyffer, K. McKay.

Class 11, chrysanthemums, hardy, six blooms, six stems (disbudded), one container — Mrs. J. Cameron, Peachland, Mrs. F. Thorneley, D. P. Smithers.

Class 12, chrysanthemums, azalea-flowered or cushion type, bowl, Mrs. F. Thorneley, Sr., W. G. Snow, Summerland, Mrs. H. Hewlett.

Class 13, dahlias, five named varieties (disbudded), one stem each, five containers — R. M. White, Summerland, Mrs. W. F. Carruthers, W. Willett.

Class 14, dahlias, three blooms, (disbudded), any type, any color or colors, one container — F. H. Larcombe, R. M. White, Summerland, Sidney Kelly.

Class 15, dahlias, cactus, three blooms, (disbudded), any color or colors, one container — Mrs. F. J. Matthews, Kamloops, Rev. F. Jansen, Mrs. G. Mackling.

Class 16, dahlias, best individual (disbudded), V. Willett, Mrs. J. Cameron, Peachland; G. Evans, Oliver.

Class 17, dahlias, vase of miniature (four inches and under) decorative — Mrs. W. F. Carruthers, Mrs. E. H. Oswell, Joe Paret.

Class 18, dahlias, pom-pom, six blooms, six stems, (disbudded), one container — A. Shelly.

Class 19, dahlias, basket, decorative, (open) — W. G. Snow, Mrs. W. F. Carruthers.

Class 20, dahlias, 12 varieties, named, four containers, (open) — Mrs. H. H. Johnson.

Class 21, gladioli, nine named varieties, one spike each, three containers — W. G. Snow, Summerland; C. Wylie, Vernon; Mrs. F. H. Jones.

Class 22, gladioli, six varieties, one spike each, two containers — W. G. Snow, W. Todd, C. Wylie.

Class 23, gladioli, three spikes, any color or colors, one container, novice — E. K. Elliott, Dr. J. S. Hyman, Mrs. H. Hewlett.

Class 24, gladioli, best individual, named — C. Wylie, W. Todd, Mrs. R. B. Stubbs.

Class 25, gladioli, 15 named varieties, one spike each, five containers, (open) — E. H. Bennett, Summerland; W. G. Snow, C. Wylie.

Class 26, gladioli, small decorative, (Flower not to exceed 3 1/4 inches in diameter), No entries.

Class 27, gladioli, basket decorative — W. R. P. Woods, Vernon; W. Todd, E. Gregory.

Class 28, gladioli, basket, decorative, (open) — E. H. Bennett, W. R. P. Woods, E. Gregory.

Class 29, gladioli, grand champion spike, named, (open) — Selected from class 21-25, CKOV trophy — E. H. Bennett, Summerland.

Class 30, lilies, one container, not more than three spikes — W. P. Ward, P. B. Jones.

Class 31, marigold, African, six blooms, six stems, (disbudded), one container — S. Weeks, W. G. Snow, Mrs. J. Bauer.

Class 32, marigold, French, bowl — C. Wylie, Mrs. W. F. Carruthers, Mrs. G. C. Oswell.

Class 33, nasturtiums, bowl, own foliage — Mrs. W. Mervyn, Mrs. A. F. Painter, S. Weeks.

Class 34, pansies, 12 blooms, one container, own foliage — V. Cottle, Mrs. M. dePuyffer, Mrs. A. Mepham.

TREE WATERWORKS SYSTEM

The root system of a tree extracts an enormous quantity of water from the soil, making the tree a very active waterworks. On a single summer's day a middle-sized apple tree will lift 800 pounds of water out of the ground spraying all but a small part of that water into the air. All vegetation, of course, acts as waterworks. A stalk of corn can lift up 440 pounds of water in its growing season, and an acre of lush grass will lift up more than six tons of water on a June day.

Oswell.

Class 54, artistic or line arrangement suitable for living room — C. Wylie, E. H. Bennett, Mrs. E. Jensen.

Class 55, arranged basket, decorative, Mrs. G. C. Oswell, K. McKay, Mrs. P. B. Jones.

Class 56, arranged basket, decorative, (open) — E. H. Bennett, K. McKay.

Class 57, artistic display of garden flowers on table six feet wide by three feet deep (not more than 20 kinds) — K. McKay, V. Cottle, Mrs. T. Beasley.

Class 58, African violets, one pot — Mrs. G. Ross, Rev. P. Jansen.

Class 59, ladies' corsage — Mrs. T. Roberts, K. McKay, Mrs. J. Bauer.

Class 60, ladies' corsage, open — Mrs. J. Bauer, Mrs. T. Roberts.

Class 61, display of flowers in a tumbler — Mrs. G. C. Oswell, Mrs. M. dePuyffer, K. McKay.

Class 62, arranged bowl of any flowers by children 13 years and under — Ann Wylie, Marcia Mervyn, David McLaughlin.

Class 63, one container, any annual not previously mentioned in prize list — Mrs. G. C. Oswell, W. P. Ward, Mrs. A. Painter.

Class 64, Okanagan Valley Horticultural Society Grand Aggregate Trophy awarded to exhibitor winning the most points in the show, K. McKay, Naramata.

A crisp Green Bean Salad topped with tomato wedges and sardines, is different and delicious, and one that you can serve all year round if you've put away a few cans of beans for winter eating!

Green Bean Salad

One lb. fresh green beans (about 2 1/2 cups), salt, 2 hard boiled eggs, diced, 1/4 cup minced celery, 1/2 tsp. monosodium glutamate, 2 tsp. minced parsley, 6 tsp. salad oil, salad greens, 1 tsp. minced onion, 2 tsp. vinegar, small sardines, wedges of tomato, 1/4 tsp. Worcestershire sauce, 1/4 tsp. coarse black pepper.

Boil beans as directed, adding 1/4 tsp. monosodium glutamate to the cooking water. When tender, drain and cool. Combine oil, vinegar, Worcestershire sauce, pepper, remaining 1/4 tsp. monosodium glutamate and 1/2 tsp. salt, pour over beans. Add eggs, celery, parsley and onion. Toss gently until ingredients are well mixed. Add more salt, if necessary. Chill thoroughly, heap in crisp lettuce cups or other salad greens. Garnish with 1 or 2 sardines, wedges of tomato. Makes four servings.

Fresh green beans may also be canned for use during the winter. By following Department of Agriculture directions for canning, you will be able to open jars of garden-fresh beans that can be used in all the above recipes, the whole winter through.

to best policy, as to whether or not distributing facilities are being developed along proper lines, and he will also advise on administrative procedure. At Monday night's council meeting it was explained that the survey would not take more than a week's time.

Will Make Survey Of Distribution Service

M. A. Thomas, of Vancouver, consulting electrical engineer, has been retained by the city council to make an independent survey of distribution service here. His study will be aimed at informing the council as

FORMER EDITOR DIES
KELOWNA — J. Huntley Gordon, 53, a former news editor of the Kelowna Courier, died on Thursday of last week. He suffered a stroke just as he was about to get into a boat at Balfour, near Nelson. He had practiced law in Trill since going there from Kelowna in 1944, and was holidaying at Balfour.

A railway to tap the iron ore deposits of Ungava, due to be producing in 1954, will cost \$75,000,000.

"Out of the blue..."

"I certainly stole the show the other day when I told my friends the secret of my washing—the whitest in the neighbourhood. 'Just wash Reckitt's Blue through the rinse,' I said, 'and out of the blue comes the whitest wash.' Reckitt's Blue costs so little and makes such a big difference."

Spidee Heather School T for TERRIFIC WGS

This is a reminder
that... Glenayr
Kitten

The sweater most popular with every school girl in Canada makes a hit in the 1952 school term. Here we have all the tried and true favorites in Glenayr Kitten, knit in Lamb's wool... The hard to get cousin of Cashmere. The best value in our entire stock of lovely sweaters. Fully fashioned, in a rainbow of lovely shades they are brilliant candidates for compliments. All this week there will be great activity around Heather's Sweater-bar.

Pen-Hi Sr. Reporters Report...

The Kitten short sleeve pull-over top favorite with co-eds. Look to yourself for personal appearance. Look to your Kitten for superb quality... full fashion and exquisite styling. And don't overlook the importance of the cardigan a partner to the pullover. Get these two going steady... Yet ready to join other separates of your back to school wardrobe. Price respectively 6.95 and 8.95.

L. S. P.

"L" is for long, "S" is for sleeve, "P" is for pullover, for color, for style, for texture and fit. Glenayr sweaters are class pets for the smart girls who simply "live" in separates... and appreciate luxury at a price. A timeless style that always smart—always in good taste. Lamb's wool sweaters have all the softness, and washability of Cashmere plus its long-long wear.

Hi-Girls

For the best years of your life major in fashion... minor in price. Compliment your Kitten sweaters with a slimy skirt of 100% wool flannel, fly fronted, silk pockets, in Oxford grey, bankers brown, beige, or choose a bright corduroy, full of flare, full of style, full of color. All good reasons why you'll scintillate in separates in class!

Sincerely
Heather
Honthors... the finest
in Fashion and Fabric.

Pioneer Homestead Haven For German Descendants

By ANN BRILEY

When Frank W. Richter, cattle baron of the Similkameen, died in 1910, his young widow sent notices to his brother Carl in Friedland, Czechoslovakia. From that beginning an impulse was started which has resulted in three Germans living gratefully at Ingewood, the lovely, mellowed home at Keremeos, founded by their grand uncle.

They are Joseph Richter, his wife Milla, and his sister, Mrs. Marie Wells, who have been in Canada for two years. It took four years to negotiate their departure from Communist Czechoslovakia. Marie, white haired, with beautiful lovely brown eyes, is spokesman for the trio. Summoned from the kitchen, she was all animation, using the violent hand gestures so common to Europeans when excited. Her small gold earrings jerked erratically on their suspensions as the torrent of words tumbled out. Caught were the words, "Communists tell us our house we could live not, our shoes not." Milla just smiled at the older woman's command of the situation.

When told that a snapshot was wanted, they were a pretty picture of feigned bafflement. If, then, such a remarkable thing were to come to pass, Joseph must be found. Soon Joseph, a thin young man, was summoned from somewhere west of the lilac hedge, and a clean white shirt donned over his perspiring bare shoulders. Mrs. Halliburton Tweedle still sat on in her big chair, smiling when the group took their place under the tower windows of the lovely white house. Since a bad fall last year, the elderly lady has been a semi-invalid. She would sit here in the warmth, which might ease the arthritis, until her tiny blonde German nurse in the tee shirt and jeans, came to fluff up her pillow and bring her the dinner.

PIONEERED IN DISTRICT

It was she who had been married to grand-uncle Franz, or as British Columbia knew him, Frank Richter, who pioneered the Similkameen district while the Hudson's Bay post still thrived there. In fact, he took the contract to finish the gables and put on the roof of the trading post the spring he arrived, 1864.

He married Elizabeth Loudon,

eldest daughter of a Loomis, Washington cattle rancher, when she was but seventeen and a half, and four years later they built Ingewood, a graceful white edifice which must have seemed like a mansion in the crude country.

It was the first house for many miles around to be built with modern nails, as contrasted to the "cut" nails, hand forged with square heads, found in old ruins. Elizabeth had planted many of the towering evergreens, banking the spacious lawns while she was still a girl.

Two wars came and went, and she, now Mrs. Tweedle and an old lady, was sent the plea like a voice from the past. Franz had died; Karl had died, as had Karl's son, and now this young man, Joseph, wanted to know if she could help them to get to Canada. Finally, after many agonies, they arrived in Montreal—they were in free Canada! They would see the faded country for which Franz had deserted Old Bohemia nearly a century ago.

NEEDED HERE
There was a vast need for their industrious hands when they reached Keremeos: the big three storied house, vegetables, orchards, flowers and lawns, constant arrivals of segments of a vast and many-faceted family. Their grand aunt was like a matriarch in the midst of it all.

The pictures were snapped, postures relaxed and then a happy, animated exchange of verbal barrage began, most of it like a brisk game of tennis in which only rarely a ball is struck, the rest rolling crazily to open ground. The writer confessed that Hugo's German simplified had not been much help. The Germans violently gesticulated and made it known that in a house where nearly everyone is speaking "Deutschsprach" continually, it is "not much good for learning English words."

Ceremonious bows were made on the verandah, bright smiles given and Frank Richter's grand-relatives departed to their satisfactory labors, pleased as he was to have found the Similkameen... British Columbia.

Canadian women, over the age of 15 used an average of 84 pairs of full-fashioned hosiery during 1950.

RELIC OF PIONEER days is this grist mill at Keremeos. Built in 1877 the mill is still standing. At the left of the building can be seen the water wheel. Water rights to run the wheel were applied for in 1876.

Kamloops Japanese Charged With Murder

KAMLOOPS — After a two-day preliminary hearing Kosaburo Masuda, 56-year-old Japanese, has been committed to trial for the murder of his 17-year-old daughter, Mrs. Lily Y. Bing.

Mrs. Bing died in Royal Inland Hospital early on August 7, shortly after her back had been shattered by missiles from a shotgun fired through the bedroom window at her home at 377 Victoria Street West. Her husband, John Bing, was beside her at the time. Their three-week-old son, Roddy John, also was with them. Mr. Bing escaped the shotgun's blast with only a minor wound.

Canadians bought 28,979 television sets during the first 10 months of 1951.

Hart Highway Is Dream Come True For Peace River

Details of a 1200 mile motor trip from his home to Fort Vermillion were given to the Penticton Rotary Club at Monday's luncheon in the Incola Hotel by the Rev. George Pattison, of St. Edward's Anglican Church, Oliver.

The new Hart Highway, the speaker emphasized, is "a dream and vision come true for the people of the Peace River area."

It will mean added pleasure and traffic for many, and reduced commercial costs.

At one time serving a parish in that area, Mr. Pattison recalled that a small box of Okanagan cherries once cost him almost eight dollars.

SPORTSMAN'S PARADISE

The speaker described the Cariboo route, as a "sportsman's paradise", attractive and interesting throughout, with its old stage posts and ghost towns reminiscent of the gold rush, and other bustling centres of today's progress.

The route is paved as far as Lac LaHache.

Mr. Pattison went on to Fort McLeod, over the Parsnip, through Dawson Creek and Peace River Crossing on to Fort Vermillion.

A substantial part of the route is good, straight and gravelled. But he also mentioned the gumbo that has bogged down traffic at times.

Gradually, he predicted, an all-weather passable highway will come into being, and do much to open up this northern part of the west.

A closing portion of the speaker's speech was devoted to some of his

Penticton Vo-Ag Students Visit Coast For PNE

Agricultural exhibits at the PNE at Vancouver hold great interest for three Penticton high school vocational agriculture students who are at present holidaying in the coast city.

The three are Gordon Fujita, Lloyd Hansen and Jim Pollock, all were members of the energetic group of Future Farmers of Canada, who, working under the direction of instructor J. A. Campbell, were responsible for the fine exhibition of agriculture at the Penticton Peach Festival recently.

Chiefly responsible for the exhibits, which included livestock, fruits and vegetables, were Fred Richardson, Don Beard, Jim Shiell, Gordon Fujita, Ken Doyle and Lloyd Hansen.

In the livestock tent one of the chief attractions was the pair of year-old Hereford steers raised by Denis Atkinson. Hogs were represented by a Yorkshire sow exhibited by Fred Richardson and poultry shown included Barred Rocks exhibited by Jim English and Harry Shaw; Light Sussex by Ken Vass, Don Beard and Ken Montague; Leghorns and New Hampshires by Joe Ruth; Leghorn Hampshire cross, Monty Roberts; Toulouse geese, Monty Roberts and a guinea fowl, owned by Mr. Vanderburg, was shown by Jim Shiell.

MARKET GARDEN PRODUCE

Featured in the horticulture tent was the market garden produce of Gordon Fujita. The bee exhibit included a glass demonstration hive made by Ken Doyle and Lloyd Hansen and bee keeping equipment, and honey produced from the hives of Denis Atkinson, David Clue, Allan Gustavson, Conrad Gartner, Fred Richardson, Don McCallum, Bob Peel, Trevor Tannant, Lloyd Hansen, Ken Doyle, Roland Schwartz and George Herrick.

A model farm made by the grade ten students was shown and a box of apricots, part of the harvest from the school demonstration orchard, was also on display.

Pride of students is the spraying machine built by them in the school farm machine shop under the supervision of instructor J. M. Churand. This machine, driven by power takeoff from the tractor, drew many favorable comments from visitors.

Also on display were a number of essays by students on swine raising, sprinkler irrigation and greenhouse management as well as texts, magazines and bulletins used by students in their work.

Among the 250 out of town visitors who signed the visitors book were persons from Rolling Hills, Alberta, Windsor, Ontario, Fort Lee, New Jersey, USA, Kelsey Bay, Vancouver Island, and North Battleford, Saskatchewan.

TAX EXEMPTION FOR CHURCH

City council has passed a by-law exempting for tax purposes property on Winnipeg street where, in the near future, a Concordia Lutheran Church will be erected. Excavation has already started on the lot, which is not far south from St. Saviour's Anglican Church, on the east side of Winnipeg street.

fishing experiences in that northern area, on Vancouver Island, and here in -the Okanagan, and he showed a number of colored slides to illustrate his remarks.

Bikes Go Begging; Many Are Lost But Few Are Claimed

Penticton RCMP officers are getting a little tired of seeing lost bicycles lying around unclaimed in their office here.

Efforts to find owners of the machines are generally fruitless and week after week the bicycles remain in a room along with a collection of other articles which no

one seems to want.

Watches and rings—there are several awaiting claim by the owners at present—are usually called for, but not bicycles.

Licensed bikes can be returned to the owners with a minimum of difficulty but unlicensed machines present a real problem.

"I can't understand why the machines aren't claimed," an RCMP spokesman said. "There's not much we can do about those with no license plates. We can only hope the owners will come to pick them up."

Canada Officially Free Of Dread Foot And Mouth Disease

OTTAWA — Canada was officially declared free of foot and mouth disease last week by Rt. Hon. James G. Gardiner, federal minister of agriculture.

All restrictions on the movement of livestock throughout Canada and all precautionary measures against the spread of the disease in Southern Saskatchewan have been removed. This action does not in any way change present floor price policies for livestock.

No sign of the disease has been uncovered since May 4 when the last infected herd was slaughtered. Test animals (calves and hogs) have been on all infected and contact premises for 60 days or more and none have shown evidence of the disease.

The official action removes all quarantines and restrictive measures, including individual quarantine of former infected or contact premises, and the general quarantine applicable to the infected area and buffer zone. Provincial restrictions imposed as a result of the outbreak have been removed.

Since the disease was diagnosed on February 25, 1948 cattle, 294 swine and 97 sheep have been slaughtered. There was a total of 42 premises involved by the outbreak, 29 of which were infected premises and 13 were contact premises.

The quarantine area involved only 21 rural municipalities of the well over 800 rural municipalities in Saskatchewan. Active infection occurred in 5 of the 21 municipalities.

Vernon RCMP Crack Down On Jaywalkers

VERNON — People who jaywalk on any part of Barnard avenue between the railroad tracks and the Safeway store will become offenders against the city's traffic by-law starting next week.

The City Council members have given three readings to a traffic by-law amendment, prohibiting crossing of Barnard avenue at any point except upon authorized crosswalks, and they did so at the request of the Vernon detachment of the RCMP.

The best advice as far as poison ivy goes is to know the plant and avoid it, warns the Health League of Canada in a recent issue of its magazine, Health.

Poison ivy leaves are always arranged three on each stem. Each leaf is irregularly heart shaped with edges sometimes deeply notched. Leaf surfaces are smooth, glossy, and light green in spring and early summer, turning yellow, orange, brown or red in the fall. In most leaves the vein is off-centre. There are frequently clusters of small whitish flowers under the leaves in early summer, and these develop into round, whitish-green berries about the size of a pea, the magazine explains in its question and answer column.

"If you are aware that you have been exposed to poison ivy, wash the affected skin immediately and thoroughly with soap and warm water, M.D. writes. "Make a good lather and wash two or three times, but do not scrub with a brush. Rinse well with clean water and then apply rubbing alcohol to the area."

"Another good tip is to wear gloves at night or even a pair of women's silk hosiery pulled on over the hands and arms to reduce the possibility of infecting other areas by scratching."

From the files of the
Penticton Herald

TEN YEARS AGO — 1942

J. C. Leckie, son of Mr. and Mrs. S. Leckie, won his pilot's wings in the RCAF. . . . More than 140 cars of fruit were shipped from Summerland. . . . It was announced by the local fish and game club that the district lakes would be stocked with duck food. . . . Golfers from all parts of the Okanagan were expected to visit Penticton for the Spencer Cup championship play. . . . 500 respirators were shipped to the ARP office here for distribution to members of the ARP organization. . . . Junior and senior high schools here opened with over 500 new students. 100 newcomers were enrolled for the primary school. At Summerland, efforts were being made to have the school opening date set back so that student labor would be available in the orchards. . . . Jaycees collected nearly \$200 for the Milk for Britain fund. . . . Ian Sutherland, former councillor in Penticton, was on leave from Ottawa where he was employed in the tank inspection division. . . . Jaycees shipped 30 tons of scrap rubber. . . . Work on removing debris from Penticton Creek was started.

THIRTY YEARS AGO — 1922
The municipal treasurer received a cheque for over \$2,000 from the provincial government as Penticton's share of the motor vehicle revenue. The money was to be used on road work. . . . N. Blagden's tender of \$7,000 for the ditch lining work was accepted by council. . . . Okanagan Telephone Company announced that the possibility of installing a line to Vancouver was under consideration. . . . A grant of \$70 was made by the municipal council to the Penticton Board of Trade to cover part of the expense of entertaining newspaper editors during a visit here. . . . Cleo Scarff donated a number of popular books to the juvenile section of the library. . . . T. B. Stobart and E. A. C. Sawyer arrived in Penticton from Vancouver to make radio tests here. The pair were satisfied with reception and announced that they were prepared to set up a broadcasting and receiving station here if satisfactory financial arrangements could be made. . . . The film "Doubting for Romeo", starring Will Rogers, was shown at the Empress Theatre.

THIRTY YEARS AGO — 1922
Okanagan district Methodists planned to hold a convention here. Council agreed to purchase a stop watch for the local police chief so that the speeding ordinance could be enforced. . . . A test alarm proved that the local fire brigade was able to be out and ready to fight fires within four minutes of the alarm bell. . . . Materials for the railway bridge over the Okanagan river were arriving and work was expected to start on construction immediately. . . . The house and ten acre lot belonging to A. J. Christie was sold to Mrs. G. H. Bingham for \$9,500. . . . Beverly Robinson, of Toronto, grandson of a Lieutenant Governor of Toronto, was a visitor here. . . . M. C. Kendall returned to Penticton after one year's absence in England. . . . Film at the Dreamland Theatre depicted Buffalo Bill's Wild West Show. . . . Harold and Everett Mason, brothers of Mrs. Languedoc, purchased an orchard at Naramata. . . . Council amended a by-law prohibiting cattle from grazing by the roadside.

THIRTY YEARS AGO — 1922
Foreblew blowing of the nose may drive infection from the throat into the middle ear, through the eustachian tube, a small passage between the nose and throat. This infection may cause the hearing to be impaired. The nose should be blown gently, one nostril at a time, using disposable tissues to prevent distribution of germs.

Many New Books On Shelves Of Union Library

New books added to the shelves of the Penticton branch of the Okanagan Union Library during August offer a varied selection of reading matter both in the fiction and non-fiction sections.

Following is a list of the new books:

NON-FICTION

Oursler, The Reader's Digest Murder Case, The Teaching of English; Peacocke, The Story of Buckingham Palace; Gassner, Producing the Play etc.; Hughes, The Penthouse Theatre; Bard, Forty Odd; Vining, Windows for the Crown Prince; Williams, Alaskan Adventure; Encyclopedia Britannica, 1952.

FICTION

Cost, The Hour Awaits; Costain, The Silver Chalice; Disney, Heavy; Heavy Hanks; Eberhart, Dead Man's Plans; Fruehen, The Law for Larrion; Hay Suyin, A Man Splendored Thing; Hinde, Mr. Nicholas; McCoy, Scalpel; Raines, Justice Comes to Tomahawk; Saint-Laurent, Caroline Cherie; Simeon, The Window Over the Way; Stanwell Fletcher, The Tundra World; Streathfield, Aunt Clara.

Extra Time At Breakfast Better Than Forty Winks

If you can manage to be reasonable about it so early in the morning, observes Health magazine, you may realize that the extra time spent at the breakfast table will do you more good than the last few minutes in bed.

"It's a matter of scientific record that a good breakfast will make you feel more on the bit, less easily tired," says the Health League of Canada publication. "And this is true of both men and women, regardless of the work they do, be it mental or physical."

By a good breakfast, the magazine means a moderate, balanced breakfast — "somewhere between the starving stenographer's coffee and cigarette and the old-time farm breakfast that ran all the way from fried potatoes to pie."

The medium-size breakfast recommended by nutritionists includes fresh fruit, a whole grain cereal, milk, whole grain bread or toast, and a beverage such as coffee if desired, and protein which are essential in the first meal of the day.

"There is no need to resort to food fads and expensive preparations to achieve a well balanced diet," declares Health. "The fruit, cereal, milk, bread and butter breakfast keeps the blood sugar level high enough to prevent a pre-lunch energy slump. A low blood sugar level often results in light-headedness and fatigue, which in turn are the temptation that leads to undesirable between-meal snack habits."

Production of 27 pounds of nickel calls for the mining and processing of 2,000 pounds of ore. Canada is the world's largest nickel producer.

Mites, Aphids Causing
Fruit Growers In This
District Some Concern

Mites and aphids are continuing to cause some con-
cern to fruit growers in this district according to the
fortnightly horticultural news letter. The Willamette
mite is particularly bothersome in the Kaleden area.

Apples have sized well generally, but some Delicious
and Winesap trees in the area are not looking good.
This condition is being attributed to damage sustained in
the cold winter of 1949-50.

PENTICTON, NARAMATA,
KALEDEN, KEREMEOS:

As reported August 19: Tempera-
tures have been slightly lower for
the past week. Some rain fell on
August 7 and again on the tenth
but was of little benefit.

Golden Jubilee peaches are nearly
cleaned up while Rochesters are
moving steadily and Vedettes are
just starting. Generally, sizes will be
satisfactory. Some Bartlett pears
are in but picking will not be gen-
eral until late this week. Sizes and
maturity are quite variable. Prunes
are beginning to show in colour.
However, there has been consider-
able gumming on prunes and a
heavy drop is occurring. Apples are
not sizing so rapidly now, but good
sizes already prevail. Some Delic-
ious and Winesap trees are looking
poorly and this is being attributed
to the cold winter of 1949-50.

Mites and aphids continue to
cause concern; the Willamette mite,
is particularly active in the Kaleden
area. Some codling moth damage
can be found.

SALMON ARM-SORRENT:

As reported August 19: Hot dry
conditions have prevailed since the
last report. Temperatures in the
mid 90's have been quite common.
The cooler nights are beginning to
color up the apples.

Duchess are being picked at present
to be followed by Transcendent
crabs later in the week. Weathers
will be started next week. The siz-
ing of apples in general is very fav-
orable where adequate thinning has
been done. On the unthinned trees
the fruit will tend to remain small.
Some sun scald is appearing but
does not appear to be as severe as
last season.

Mites are showing up but are be-
ing controlled by the recommended
sprays. Green apple aphids are
presenting a problem to many
growers. Codling moth control ap-
pears to be somewhat better than
last year.

ARMSTRONG, VERNON, OYAMA,
WINFIELD, OKANAGAN CENTRE

As reported August 25: Since our
last report the weather has been
mostly hot and dry with tempera-
tures around the 90 mark.

Sizing of apples appears to be
spotty. Picking of Duchess is about
over. Weathers will not be ready
until about the first week in Sep-
tember. Picking of Transcendent
crabs is now on and should be
completed within the next week.
Hyslop crabs will likely follow in
about 10 days or two weeks. Early
pickings of Bartlett pears and Ital-
ian prunes should be ready in about
10 days.

Gages and Bradshaw
plums are now moving through the
packinghouses. Fisher peaches are
over. Jubilee and Rochester are
now being harvested.

Vegetable movement appears to
be slowing up. Fall planted onions
are now being harvested and silver-
skins and peppers appear to be in
good demand. The local cannery is
working to capacity on beans. Can-
ning of apricots is about over and
it is expected that the tomato can-
ning will likely start by this week
end.

Harvesting of grain crops should
be nearly completed by this week
end with the exception of late
seeded fields. Pea harvesting is in
full swing. Some excellent yields of
both grain and peas have been re-
ported. Fall ploughing is now under-
way in most areas. Pests at
present are confined to aphids and
codling moth.

KELOWNA:

As reported August 21: The
weather since the last report has
been generally very warm with no
rain.

Most tree fruit crops are continu-
ing to progress favorably. Pears,
particularly Bartlett, have not sized
as well as was expected and this
will reduce the pack. Early apples,
peaches, early prunes and plums are
now being picked. Apricots are
about over for this season.

Insects and diseases are generally
well under control. Sprays are be-
ing applied for second brood codling
moth, woolly aphids and mites in
many orchards.

Growth of vegetables generally
has been good. Tomatoes, peppers,
onions and cucumbers are among
the crops that are being moved. The
labor supply to date has been ad-
equate.

SUMMITLAND,
WESTFRANK AND PEACHLAND:

As reported August 10: Since the
issue of our last News Letter the
weather has been dry and very
warm with frequent winds. During
the past week, however, tempera-
tures have dropped, providing some
relief from the intense heat which
slowed up the sizing of most tree
fruits.

At Summitland, the last of the
cannery apricots are still coming in.
The apricot crop has been the larg-
est ever seen in this district and
also one of the latest to mature.
Rochester picking is now at peak

couraged the development of mites,
woolly aphids and codling moth.
Second brood strings are now show-
ing up, but the chief problem is
the woolly aphids which have de-
veloped on most apple varieties.
Rust mites and slugs are plentiful
on cherries. The rust mites have
also been responsible for silvery
leaves on peaches.

As reported earlier, fire blight is
much less prevalent this year, but
there are still a few orchards that
are affected. Powdery mildew,
which was prevalent on McIntosh
and Jonathan this spring seems to
have dried up, very largely in the
summer heat.

Vegetable crops have been doing
well in the Westbank area. How-
ever, some sun scald has been re-
ported on tomatoes. Mature green
field tomatoes are now moving in
volume from this area.

OKANAGAN FALLS,
OLIVER & OSOYOOS:

As reported August 20: Since the
last report the weather has been
dry and somewhat milder.
Harvesting of Bartlett pears is
nearly complete. V peaches are now
well into the harvesting season.
Both of these crops tended to be on
the small side. A few Early Italian

prunes have been harvested but no
quantity is expected for a week. El-
berta peaches will commence to be
harvested prior to the next news
report. During the last few days
apples have started to pick up color.
Fresh codling moth stings have
been noted on the occasional lot
during the past few days. At the
same time mites, Willamette and
Pacific, and woolly aphids have built
up since the second brood sprays
were applied.

KOOTENAY AND ARROW LAKES

As reported August 19: Although
the occasional shower has fallen in
the district during the last two
weeks, the weather has continued
generally hot and dry.

Raspberries are practically clean-
ed up and the blackberry harvest is
about at its peak. The raspberry
tonnage will probably be somewhat
below previous estimates as the
fruit failed to size normally during
the hot dry weather. Early plums
are practically cleaned up in earlier
sections. Most of the small acreage
of apricots has been picked and
early peaches are being picked at
present. Rochesters should begin to
move from earlier sections during
the week.

Brown rot again caused concern
to a few apricot growers and, if wet
weather prevails during peach har-
vest, this disease may become
troublesome in peaches in some
sections of the district. Transcend-
ent crabapples will soon be mov-
ing. In about a week or ten days
time, Clapp's Favorite pears should
be moving from earlier sections.
Apart from apple scab, all other
tree fruit diseases and insect pests
appear to be well under control at
present.

Quebec has 150,000 farms from
which the average income is \$1,600
per farm.

Vernon Arena
\$412 In Red In July

VERNON — The Vernon Civic
Arena suffered a loss of \$412, it was
reported at the regular meeting of
the City Council last week.

Total intake was \$781, which did
not come near to meeting expendi-
tures of \$1193.

Five lacrosse games were the
biggest source of revenue, contrib-
uting \$586, and wages formed the
largest expenditure with a total of
\$656.

The Canadian Woolen and Knit-
Goods Manufacturers Association is
the largest single section of the vast
Canadian primary textile industry,
this country's leading employer of

Kraft
now brings you
what you've
always wanted—

a delicious margarine that
spreads smoothly even when ice cold!

Won't tear the freshest bread
when served iced cold!

Other Spreads New Parkay Margarine

Won't turn runny or separate
when left out on hot summer days!

Other Spreads New Parkay Margarine

No "Warm-up" needed!

You can take Kraft's Parkay Margarine
from your refrigerator and while it's still ice-
cold, slice it into neat pats. No crumbling!
Then spread it instantly . . . smoothly,
deliciously. It won't tear the freshest slice
of bread!

You can leave new Parkay standing out
for hours in a hot kitchen . . . and it won't
go down or separate!

New Parkay also creams faster and better
right out of your refrigerator when you use
it as a flavor shortening . . . and melts
quickly in your frying pan!

Of course you're wondering how this can
be so. The secret is a great new discovery
... an entirely new way of making margarine
that is exclusively Kraft's.

Hurry to your grocer's this very day and
see for yourself that New Parkay does
everything we say.

Look for Parkay in the new ice-blue package!

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

STAFF SHIFT — Comm. Horatio Nelson Lay, 49, of Ottawa and Walkerton, Ont., (left), has been appointed assistant chief of naval staff in Ottawa. His previous job as naval member of the Canadian Joint Staff and Canadian naval attaché in Washington, DC, will be taken over by 39-year-old Capt. Morson A. Medland, Toronto, (right) who will have the acting rank of commodore. He was formerly in charge of weapons and tactics at Ottawa.

Keremeos Notes

KEREMEOS — Prompt and efficient action on the part of the local volunteer fire department prevented the spread of two grass fires which occurred almost simultaneously in two parts of the district on Friday afternoon of last week according to fire chief Vanderlinde.

The one on the Keremeos - Cawston highway was caused by a cigarette thrown by a careless motorist and the other in the vicinity of the B.C. Telephone office by some visitors who lit a bonfire. The first fire caused some damage to one corner of an orchard owned by J. L. Marston and a hayfield, the property of C. Vansanten.

Closing exercises were held recently at the Summer Vacation School held under the sponsorship of St. John's Anglican and Keremeos United Churches. Mrs. W. Liddicoat, convener of the successful week's activities, she was assisted by Rev. and Mrs. W. M. Cameron and L. D. Ritchie. Seventy children attended the classes. Parents and friends took part in the Devotional Exercises, which were followed by games for the pupils and an exhibition of the manual work done by them.

Rev. W. Murray Cameron has received a call from the United Church at Port Moody. Rev. and Mrs. Cameron and their four children will leave about the end of September. So far Mr. Cameron's successor has not been named, but the Church Board will meet on Friday evening to consider filling the vacancy.

Mr. and Mrs. E. M. Crooker of Penticton were visitors here last week.

Mr. and Mrs. Clarence Clarke and two sons of Ocean Falls were guests of Mr. and Mrs. J. C. Clarke last week.

Bartlett pears, Vedette peaches and tomatoes are in full swing at the Co-operative Growers' packinghouse here.

Keremeos Co-operative Growers sponsored the car in which May Queen Roberta Innis and her attendant, Doris Menden, rode in the Penticton Peach Festival parade. Many local residents took part in the two days of festivities in Penticton. Mrs. J. C. Clarke, Conner Clarke and J. Brown were among the winners in the Horticultural Show.

Mr. and Mrs. Harvey Campbell of Vancouver are guests of Mrs. Campbell's uncle, H. C. McGuffie.

Mrs. W. G. Mattice, who has for some time been visiting members of her family in Oliver, Nelson, and Cawston, has returned to her home on the Upper Bench.

Miss Elizabeth - Ann Armstrong, whose marriage to Quintin Robertson took place on Saturday, was the guest of honor last Wednesday evening when Mrs. J. C. Clarke and Mrs. Milton Cook entertained at a miscellaneous shower at the home of the latter's sister, Mrs. Ross Innis. The popular bride-elect was the recipient of many lovely and useful gifts.

A. C. Carter, assistant district horticulturist of Penticton, will be in the Keremeos - Cawston district Monday, Tuesday and Wednesday of each week for the season. Mr. Carter may be contacted

Request For Change In Classification Of Lots Disallowed

A request by Mrs. Evelyn Gerow, to have lots 5 to 8, map 5140, changed from residential to commercial classification, has been disallowed by the town planning commission, with concurrence of council. The lots are in the so-called Woolley sub-division, just south of the railroad tracks on the west side of Main street.

The zoners have also not approved of a suggested subdivision of Forestbrook Drive property owned by E. P. Corner. Laid on the table, temporarily, are requests involving reclassification of the north-east corner of Government street and Carmi road, made by R. C. Hart, and for a subdivision of lots 7 and 8, on Winnipeg street, by Mrs. A. Corbin.

Three-Day Roundup AOTS To Be Held At Naramata Aug. 30

The fourth annual AOTS (As One That Serves) Round-Up will be held at Naramata at the Christian Training School, this week-end.

Purpose of the Round-Up is to train men in the technique and skills of AOTS club work. It has a special attraction for officers of clubs and chairmen of committees. AOTS men from clubs throughout B.C. will attend.

PANEL DISCUSSIONS

Sessions will open with luncheon at 12:30 p.m. Saturday, although many will arrive tomorrow. The Round-Up ends Monday forenoon. Chairman will be Thomas M. Galloway. Long experienced AOTS men will speak on important subjects, each to be followed by discussion. The program will also include volleyball, softball, swimming.

A panel discussion on "What has AOTS to offer" will be a main topic. Speakers will be: Harry Murphy, moderator, Dr. Harry Grant, Marc Grimmer, Lyall Parkes and Alan Macdonald. Other topics are "Building up and maintaining club membership" with Max Patterson and Rod McLeod as speakers, and "Relationship and Responsibilities of clubs and district councils to each other" with speaker Ralph Pybus.

MODEL AOTS MEETING

There will be a supper and model AOTS club meeting Saturday at which Charlie Baldwin will act as president. Reports will be given by

Vancouver District Council chairmen: William Kinniburgh, Extension; Rod McLeod, Boys and Youth; Harry Colclough, Community Service; Harry Murphy - Inter-Club; Dr. William Hastings, Program and

Lyall Parkes, Public Relations. D. R. Poole, Executive Secretary of the National AOTS Council, will report on the recent National Convention in Winnipeg.

CAMP FIRE PROGRAM

There will be a camp fire program Saturday night prepared and conducted by the AOTS clubs in the Okanagan.

Open air worship will be held Sunday at 7 p.m., speaker to be Rev. R. A. McLaren, principal of the Leadership Training School. Worship will be followed by a fellowship hour of singing under the chairmanship of Jack Robinson and William Steele.

Canadian's personal income in 1951 was 18 per cent higher than in 1950.

CENTREPOISE POWER
Engine vibration and power impulses are "screened out" - isolated from driver and passengers. Engine rides flexibly suspended between new high-side mountings... centred, poised, cushioned in rubber.

EXTRA LARGE BRAKES
Chevrolet's Jumbo-Drum brakes, with their big 11-inch brake drums, apply more leverage for more stopping power. Stops are smoother, safer, with less driver effort. Bonded linings last up to twice as long.

UNITIZED KNEE-ACTION RIDE
Chevrolet's famous Knee-Action ride is now even softer, smoother. New shock absorber action smoothes bumps and jolts more quickly and effectively than ever.

EXTRA WIDE TREAD
Chevrolet measures a full 58 3/4 inches between centers of rear wheels - providing a broader base to give you more stability on the road, less sway on the curves!

POWERFUL VALVE-IN-HEAD ENGINE
Teamed with Powerglide* is the powerful valve-in-head engine - an outstanding performer! This Powerglide engine's Hydraulic-Flushed valve lifters are another important Chevrolet exclusive. (Powerglide automatic transmission available on De Luxe models at extra cost.)

POWERGLIDE AUTOMATIC TRANSMISSION
It's an oil-smooth, oil-cooled automatic transmission. It's simpler with fewer parts to wear or require adjustment. It's smoother because oil does it all without complicated intermediate gears. Optional on De Luxe models at extra cost.

See
all these
EXTRA
features of
Chevrolet

GORGEOUS NEW COLORS
Choose from a wide array of rich beautiful new color ensembles - rich, fresh and sparkling. Distinctive new De Luxe interiors are color-matched to the exterior body colors for new color harmony inside and out.

EXTRA-EASY CENTRE-POINT STEERING
Control is centred between the front wheels instead of behind the left front wheel. This advanced steering geometry makes Chevrolet surprisingly easy to steer, manoeuvre and park.

4-WAY ENGINE LUBRICATION
Chevrolet's exclusive engine lubricating system supplies exactly the right kind and amount of lubrication to each moving part. It helps Chevrolet's proved valve-in-head engine serve you better and longer for less!

CAST IRON ALLOY PISTONS
Pistons are formed from the same material as the cylinder block - expand and contract at the same rate. This helps maintain a precise fit at all engine temperatures - reduces piston wear and oil consumption!

BODY BY FISHER
Fisher. Body sets the standard in the automobile industry - for styling, for craftsmanship, for comfort and convenience! And Fisher Unisteel construction guards you with the solid strength of steel welded to steel... above you, beneath you, all around you.

GM "SHADE-LITE" GLASS
Reduces Glare, Heat and Fatigue
Chevrolet offers "Shade-Lite" glass with exclusive, shaded windshield-tinting for your extra protection. "Shade-Lite" glass all round reduces glare and heat helps you drive more safely and comfortably! (Optional extra cost.)

Canada's lowest-priced fine car!

Illustrated - Stylized De Luxe 4-Door Sedan

Summerland W.I. Wins Second Prize At PNE

SUMMERLAND — Honors have been won at the Pacific National Exhibition in Vancouver by the Summerland Women's Institute.

The Summerland women's organization placed second in the handicraft display competition, — only five points behind the winning Point Grey Women's Institute.

The Summerland prize winning display contained 20 articles covering a wide field of sewing, knitting, crocheting, leatherwork, soft toys and several other articles.

Naramata Locals

Visiting this week with Miss Lila Dicken at the home of her parents, Mr. and Mrs. J. S. Dicken, were Miss Ellen Gled, Okanagan Centre; Miss George Perron, of Kelowna, and Miss Vivian Glyn-Jones, of England, who is spending some time in Kelowna.

When Miss Rhona Tennant returned home from a holiday visit in Vancouver, she was accompanied by Miss Judy Turton, who will visit here for the current week.

Mrs. Edna Hughes was hostess at a family reunion dinner on August 17. Among those present were her three sons and their families, Mr. and Mrs. F. H. Hughes, Vancouver; Mr. and Mrs. G. I. Hughes and "Val", of Los Angeles and Mr. and Mrs. Earl Hughes, of Penticton, and the latter's son-in-law and daughter, Mr. and Mrs. Fred Kay, and Arlene, Garry and Bruce, all of Penticton.

The quarterly general meeting of the Naramata Co-Operative Growers' Exchange will be held in the community hall tomorrow evening at 8 p.m.

Mrs. Carrie Gray, of Auburn, Washington, who was enroute home from a holiday visit in Victoria and Vancouver, was a visitor on Sunday at the home of Mrs. W. T. Nuttall.

Approximately one hundred members of the AOTS from Vancouver and the Lower Mainland are expected to arrive in Naramata to spend the Labor Day week-end at the Leadership Training School. A varied two day program has been arranged for these men of the United Church Club. Rev. R. A. McLaren will give the sermon at an open air service at 7:30 o'clock Sunday evening at the school's open air chapel. A number of local and Okanagan Valley AOTS members are expected to join the coast group at the week-end session.

Mr. and Mrs. Ralph Brandt, of Oakland, California, were visitors last week with Mr. and Mrs. Donald Salting.

Mr. and Mrs. A. D. Grant and daughter, Sharon, and Gwen Day, motored to Nelson for a week-end holiday visit.

Miss Lila Dicken left today for Vancouver. She will travel from there to Fort St. John where she has accepted a position with the teaching staff of the elementary school in that centre.

Mr. and Mrs. G. P. Tinker motored to Vernon on Tuesday with Mrs. Janet Lambly, R.N., who was returning to Tranquille following a month's visit at her Naramata lake-side cottage.

Bill Tennant and his guest, Henning Jensen, who has been visiting in Naramata for the past month, left for Vancouver last week. Bill plans to return home sometime this week.

Week-end visitors with Mr. and Mrs. W. C. Klines were Mr. and Mrs. Art Oliver and son, Ronnie, of Vancouver.

Miss Eleanor Hewlett, of Merritt and Miss Heather Carson, of Salmon Arm, are guests at the home of Mr. and Mrs. T. E. Drought.

Guests with Mr. and Mrs. Philip Rounds during the Peach Festival week-end were Mrs. Rounds' brother-in-law and sister, Mr. and Mrs. Allan McIver, and daughter, Bonnie, of Vancouver.

Miss Roberta Salting left on Friday for the coast after visiting her parents, Mr. and Mrs. Donald Salting. Miss Salting, who taught at Beaverdell last year, has accepted a position with the school at Langford, Vancouver Island.

Mrs. L. L. McDonald was a week-end visitor at Okanagan Falls with her son and daughter-in-law, Mr. and Mrs. L. M. (Scotty) McDonald.

Mr. and Mrs. J. A. Ganes and daughters, Miss Mona Ganes and Miss Doreen Ganes, have returned home from a holiday visit in Spokane.

Week-end visitors with Mr. and Mrs. Bruce Howard were Mr. and

Mrs. Eric Lewis, Janet and Claire, of Ladner, who are on a holiday visit in Penticton with Mrs. Lewis' uncle and aunt, Mr. and Mrs. E. G. Frere.

Mr. and Mrs. Frank Luxton and Mr. and Mrs. Lloyd Day motored to Wenatchee for a week-end visit.

FACTS ABOUT SNAKES

Snakes have no eyelids, lizards have.

Snakes have no external ear-opening, lizards do.

Snakes, besides having an elastic skin, have so loose-jointed a jaw they can practically take their faces apart and swallow a victim larger in diameter than their own bodies!

Lizards have a conventional jaw and "suit the maw to the mouth instead of the mouth to the maw."

Snakes have a thin transparent skin over their eyes and it is shed as part of the skin when the snake moults.
